Venita!

It's been another great year! Remember all the wild and crazy times we had in sewing class? You always wanted me to bring some Saran Wrap for Mrs. McCloskey's face! We've had some great fun!! You're a one of a kind person, Venita. The world needs more women like you. Well, crazy, you take care of yourself and I hope to see you this summer. Let's remain friends all through the years. Good luck in college, your career, and all through your years. See Ya!

Michelle

P.S. Don't forget your Tightrope!!!

Hey a friend who would call me in the morning. That called made me late... Oh well, Had lunch at college. Maybe the next time I see you. Maybe Oh well, calling you Doc Ford. Well, You've changed since grade school. You use to be sweet and quiet. Now ... Need to go on? Your made study hall fun with tears, math, and dennis. All those wildest discussions with them. Glad I have to admit though

Have fun this summer!

Scott Bolman

Venita,

I didn't know you were a leg woman! Gosh think of it! a leg woman. It's been fun in study hall, causing all that trouble. Well, behave yourself this summer and take care! Do something worth while and get a tan. Hope to see you this summer. Stay sweet.

Venita Ford

Venita, (leg woman)
It's been beyond words knowing you. All never forget this Judy and our special class. Remember all the fun we had throwing those spitballs in the air and those freshmen giving us the eye (when we did it. We had some pretty wild and crazy times in this study hall. We have to keep in touch. Good luck in nursing and chemistry. This summer, you have to keep me posted on what's happening with chemistry. Seriously the first year out we are out of school let's go on a cruise. Oh my, I feel old reading this. Think 20 yrs from now you'll pull this lady out when you and Donald are getting ready to go to our reunion and you'll have a good laugh and I will all your kids. They'll be saying all kinds of stuff

me when clothes. Keep in touch and
I see me in Purdue! Friends

about how old you are and "how come we don't know this lady, mommy." I said "ok well you'll meet her sometime." I hope they will. At miss you so much! Really call me & I'll call you.

Love always,

Reitz Memorial High School
1500 Lincoln Avenue
Evansville, Indiana

If you're ever going to achieve your dream in life, you have to sacrifice for the ultimate goal and that ultimate goal is to be your very best, every single moment of your life.

The end of summer brings us to the beginning of another school year. It means leaving the adventures of summer for the challenges of fall. It's a time for draining swimming pools, letting sunburnt faces peel, quitting summer jobs, and pulling bulky sweaters from their moth balls.

Whether we'd like to admit it or not, this time of year is great for coming back, and it shows in the restless way we file into our empty school.

For the newcomers, there are many mistakes and much confusion. Starting all over again means the chaos of buying books (discontinued), understanding schedules and teachers, meeting new people, and finding an occasional triumph among the crowd.

Seeing familiar faces again makes it a homecoming for the older students. With the help of dedicated teachers, old and new, we pursue our ambitions.

Friends seem to be important in our education. They give us the courage to face the impossible and the companionship to share our joys. Friends make us honest and an honest person is a respected person, and after all, isn't that our ultimate dream?

We have only just begun to live our dreams

The beginning of school brought about much confusion and chaos. Teams were picked, clubs were formed and officers were chosen, but one of the most outstanding qualities was the school spirit. With this school spirit, our dreams stood firm.

STATE FINALS — M.H.S. 7 Blackford . . . 1

Every high school has dreams of its team reaching the top. Not all of these dreams can come true, but for the Tigers of 1978, this became a reality.

The Tigers finished their regular season with 21 wins and no losses. They won the sectional crown by defeating Mater Dei in the final game 6 to 3. After taking the regional and semi-state titles the players were only a step away from the big game.

A crowd of more than 4,000 watched as the Memorial Tigers turned a dream into reality. The Tigers defeated Blackford in the final game 7-1 to take the state crown.

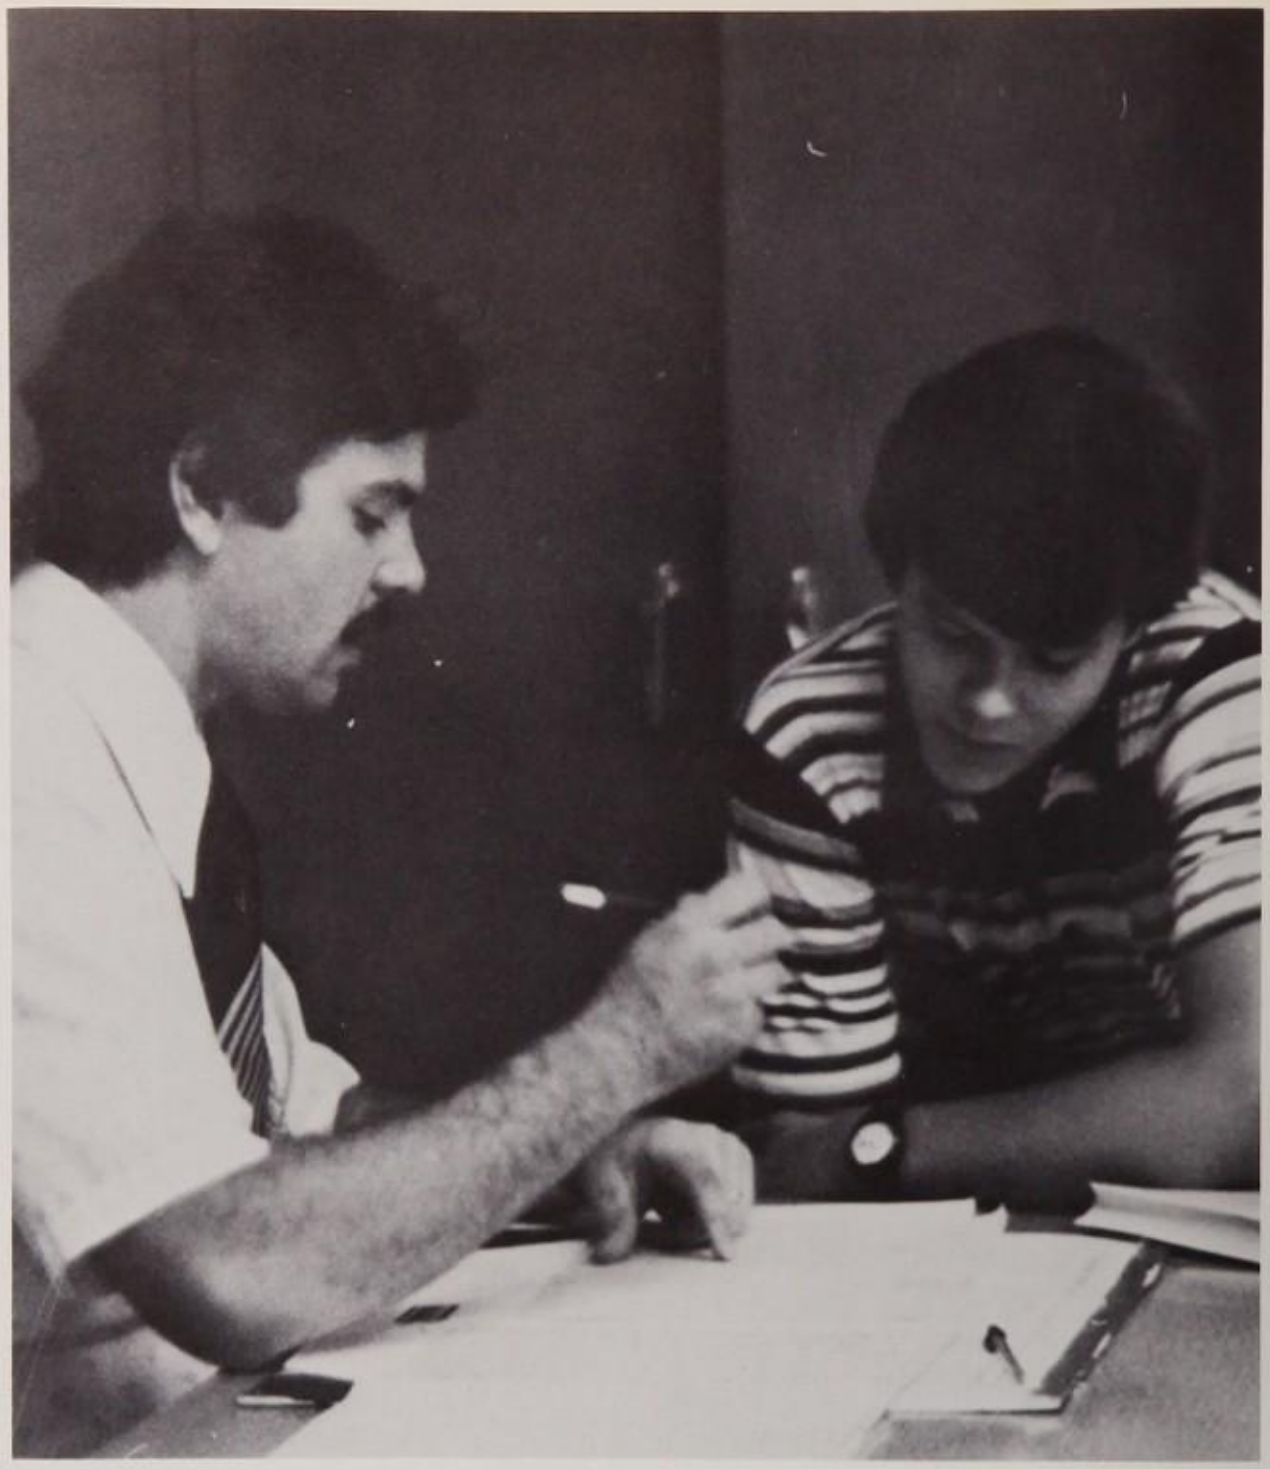
After a night of celebration, the Tigers returned home Sunday morning from Indianapolis followed by fans and local media. They were escorted into town on fire engines. They were met at Memorial by a crowd of cheering fans.

Everyone in Evansville knew who was NO. 1.

When one solitary person has integrity, quality, and character, that is good; but joining these solitary persons together gives harmony.

As individuals we possess unique qualities which give us a reason to be proud. When we share these qualities and ideas, we're no longer a part of the crowd. Joined together with the same purpose in mind, to replace ignorance with intelligence, we grow together toward our own true identity.

With the willingness of an open-mind and thirst for more knowledge, we make up the spirit of Memorial.



To try and Fail is to learn
To Find a Friend along the way is concern
but to question what we know is the the real
quality that helps us grow.

Memorial students dreamed their dreams and prepared to live with the rich history and the promising future of their busy river town.

As school began, many of our students got involved with various talents on the field or in school activities

A circle of paper persons representing the individuality and unity of Christian spirit at Memorial was a feature of the first fall mass, celebrated by Fr. Vogler, Fr. Wargel, and Mr. Franklin. Guitar music helped to create the mood, and a program planned and presented by sophomores reminded the students that "Someone may catch a dream from you."

Full-time director leads Ministry Program

A variety of symbols reflected the themes of the 1978-79 ministry program. The paper characters from the first liturgy were displayed in the homerooms for the rest of the year.

For Christmas four surprise packages were placed in the school to represent gifts to the students from God. On the last day of school before the Christmas break, the gifts were opened. Inside each was a mirror showing God's gift to the students.

Not all the ministry programs were symbolic; many were quite practical.

At Thanksgiving canned food and clothing drives were held. The collected items were taken to the Appalacian area of Kentucky.

The department also sponsored Life Awareness Days for juniors. This was a special program to enable juniors to become aware of a particular aspect of life, and reflect on it from a religious point of view. The experiences ranged from a trip to the Southwestern Indiana Mental Health Center to a tour of the jail, police department and juvenile court.

Many faculty members volunteered the time to talk to students on subjects related to religion and life.

Fr. Wargel decided to devote more time to students on a one-to-one basis by giving up teaching this year to become full time director of the ministry program.

"Hopefully we have been able to organize more activities," says Fr. Wargel. He says he especially used the extra time to conduct Life Awareness Days for juniors and to go into the classrooms.

DREAMING OF . . .

STUDENT LIFE

Student council helps fulfill students' dreams

Student council has been the birthplace for many activities around Memorial, such as homecoming, spirit week, pep assemblies, and the first taco party. The student council also was involved in many other projects, such as the canned food drive, the clothing drive, and the Christmas store.

The moderators for the 1978-1979 school year were Mr. Leo Schultheis and Miss Pat Cleary.

The 1978 Football Homecoming proved to be a great success. The week prior to the Homecoming game was filled with activities. A special showing of the movie The Sting, was a popular event. Some of Memorial's most talented students showed their various talents at the annual talent show. Juniors Mike MacCauley and Greg Czerkawski won with an Abbot and Costello comedy routine. A V.W. push was rained out on Friday, but an unscheduled assembly took place in front of school. Senior Joe Mehringer led numerous cheers and the band played several songs to help raise school spirit.

On October 14 the Homecoming Court was presented in front of the school. The band and cheerleaders along with the cheering fans escorted the cars carrying the court to Enlow Field. At halftime, before a huge crowd, senior Kathleen Bohm was crowned queen.

The Tigers completed the evening's success by defeating Terre Haute South, a victory which was celebrated by the homecoming dance.

Kathleen Bohm wins crown

On Saturday, October 14, a new queen was crowned. Senior Kathleen Bohm, with her escort, Jeff Schulz, was crowned queen of the 1978-1979 football homecoming court. Kathleen served as treasurer of her sophomore class, vice-president of her junior class, and president of the student council her senior year. The three other candidates for queen were Patty Hubert, Janice Miller, and Terri Donahue.

Experienced staff creates award winning paper

Beginning with a staff of experienced editors and writers, the 1978-1979 Memorial View made major changes in its format. The result was an award winning student newspaper.

Mr. David Hibbs, the **View** advisor, said that he expects the quality of the newspaper and yearbook to improve because of the journalism writing classes which have been added to the curriculum.

While attending the University of Evansville Journalism Workshop, the **View** received nine awards for excellence in various areas of newspaper production. The paper also took the top honor of best over-all paper for schools under 1000 students. The six staff writers who won individual awards were Chris Miles, Mike Donahoo, Rob Garnett, Barb Gilles, Amy Wolford, Robert Suggs, and Bill Alexander.

Greg Hawes was editor in Chief. Department editors included Barb Gilles, News; Doug Shaughnessy, Sports; Dave Baugh, Opinion; Mike Donahoo, Feature; and Jill Kroeger and Tim Hoehn photography.

Winter deadlines spur yearbook creativity

Nine new staff members and a new staff advisor combined this year to meet new experiences in yearbook creativity.

Editor for the 1978-1979 yearbook was senior Denise Hayden. As editor her jobs included not only planning the pages but keeping the work going once it was started.

Senior Amy Barron kept the money matters straight as business manager.

Selecting pictures once they had been taken was the big job handled by picture editor Terri Donahue. Photography editor was Tim Hoehn, who coordinated the taking of pictures, took many of the shots himself and set up a dark room in the advisor's basement for printing yearbook pictures.

Other staff members included: Seniors Mary Jane Massey, Mike Joest, Janet Pitt, and Eric Wittgen; Junior Doug Long and Freshman Sharon Schenk. Mrs. Shirley Everett, yearbook advisor, said she was pleased with the staff members' enthusiasm and their willingness to sacrifice Saturdays, holidays, and snow days to meet the demands of their assignments.

Musicians join bandwagon, entertain audience

The 1978 — 79 Memorial Tiger Marching Band, which was one hundred members strong, had another successful year. Long practices and a week at Treble Acres Band Camp helped the band to be one of the best in the school's history. Band Director Gary Wallyn and Senior Drum Major Matt Brockman with the assistance of 1974 Memorial graduate Dona Hardesty and University of Evansville Music Major Rob Thiel led the group.

The band performed in the Central Indiana Organization contest where they received a first rating. In State Regional Competition in Huntingburg, the Band received a second rating, missing a first rating and a chance to compete in the State Finals by less than one point.

Immediately after marching season was over Jazz, Concert, and Pep bands started praticing. The Jazz and Concert band held concerts throughout the year while the Pep band played during pep rallies and basketball games.

Officers of the band are Captain, Eugene Forester; First Lieutenant, Greg Czerkawski; Secretary, Angie Schaefer; Treasurer, Ted Ubelhor; Sergeant of Uniforms, Karen Speer; Sergeant of Music, Betsy Roach; Sergeant of Equipment, Dan Pitt.

Memorial Chorus, Concert Choir "Get Together" for pop concert

The theme of this year's pop concert was "Let's Get Together". The Chorus and Concert Choir worked long and hard to produce this year's pop concert. They sang selections from hit movies such as "Tomorrow" from the movie "Annie" and "You're The One That I Want" from the movie "Grease." The Chorus and Concert Choir are under the direction of Miss Patty Scudder who also directs the Men's Chorus. The complete Chorus, Concert Choir and Men's Chorus presented outstanding Christmas and Spring concerts along with the October pop concert.

Officers of the Concert Choir were President, Marianna Weinzapfel; Secretary, Linda Kunkel; Treasurer, Kathy Allen; and Librarians, Amy Hillenbrand and Gloria Geiss.

Charly Gordon's dreams come true in dramatic

Weeks of long rehearsals and hard work finally ended as the curtain rose for **Flowers for Algernon.** This fall production centered around a 30-year-old man Charly Gordon, played by Mike MacCauley, whose only dream in life was to be as intelligent as others. After hearing from his night teacher Miss Kinnian, played by Jill Kroeger, about a new operation to increase intelligence Charly willingly volunteers himself.

This operation appears to be a success in all aspects, but as Charly increases his intelligence, he finds being smart isn't easy. He discovers his friends at the bakery were only using him as a source for practical jokes. And to his dismay he finds retardates are treated inhumanely, even by their own parents.

He tries to confide in Dr. Anna Strauss, played by Karen Schenk, who along with Professor Nemur, played by Greg Czerkawski, uncovered this great achievement but even she doesn't seem to understand.

Under the direction of Mr. James Kibler and student director Amy Hillenbrand, this production touched the hearts of all who watched it and left them wondering if this was the way they would treat a retarded person.

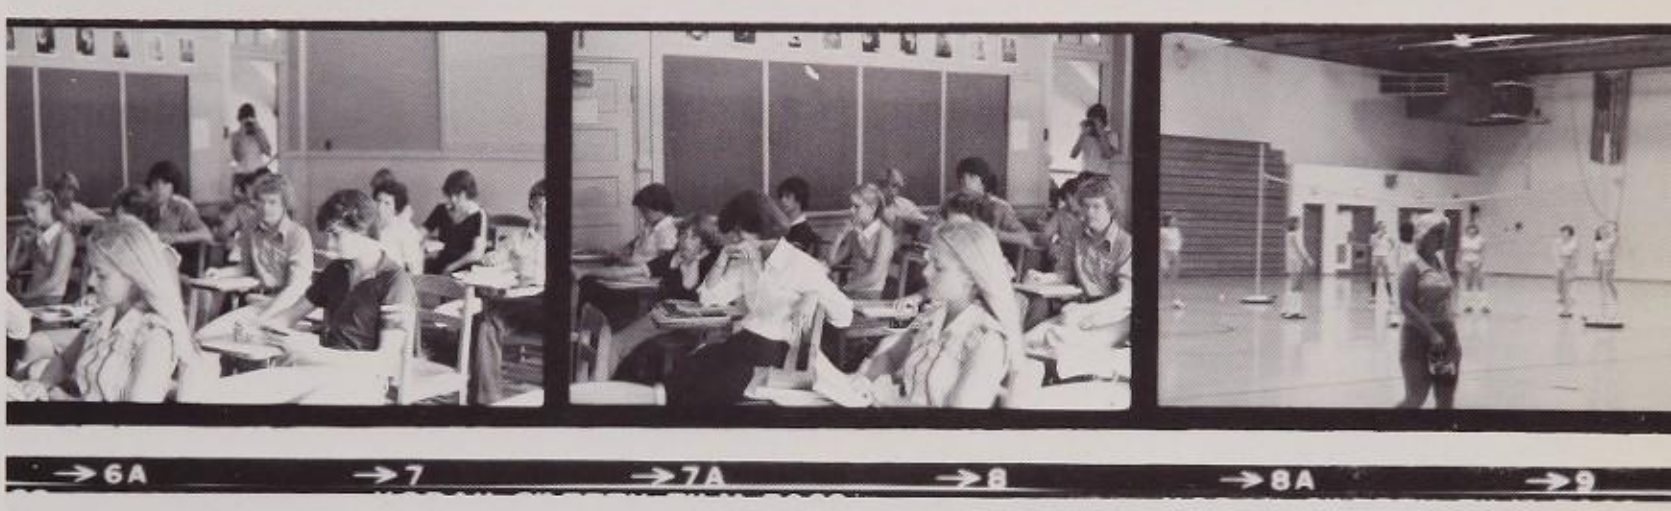
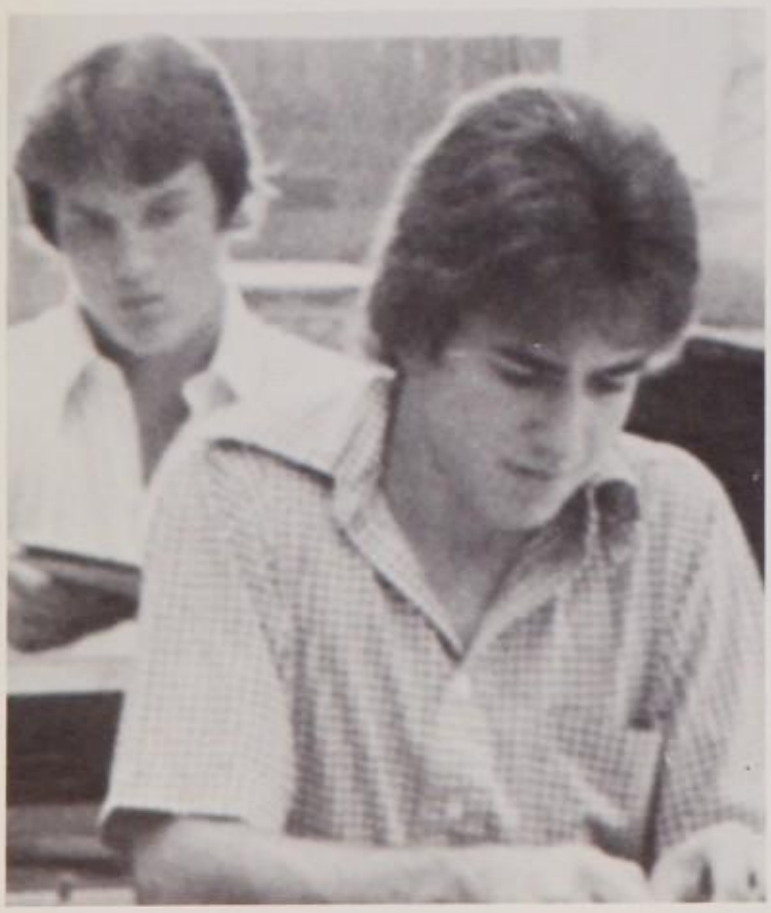
DREAMING OF . . . .

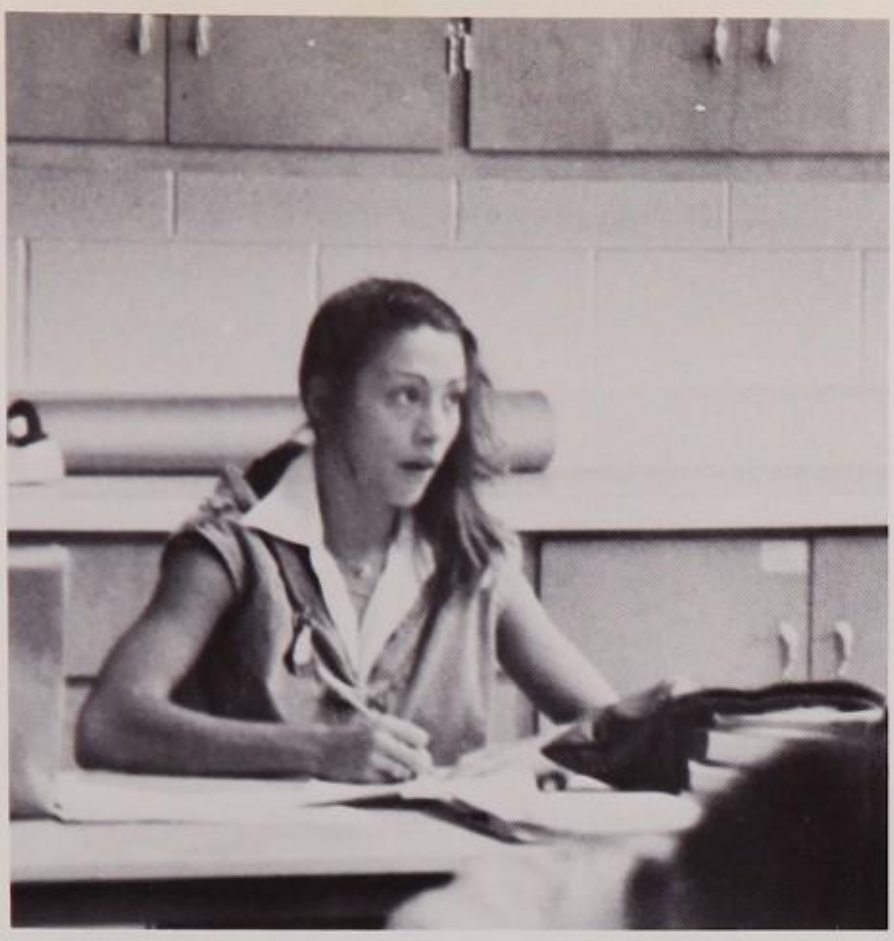
ACADEMICS

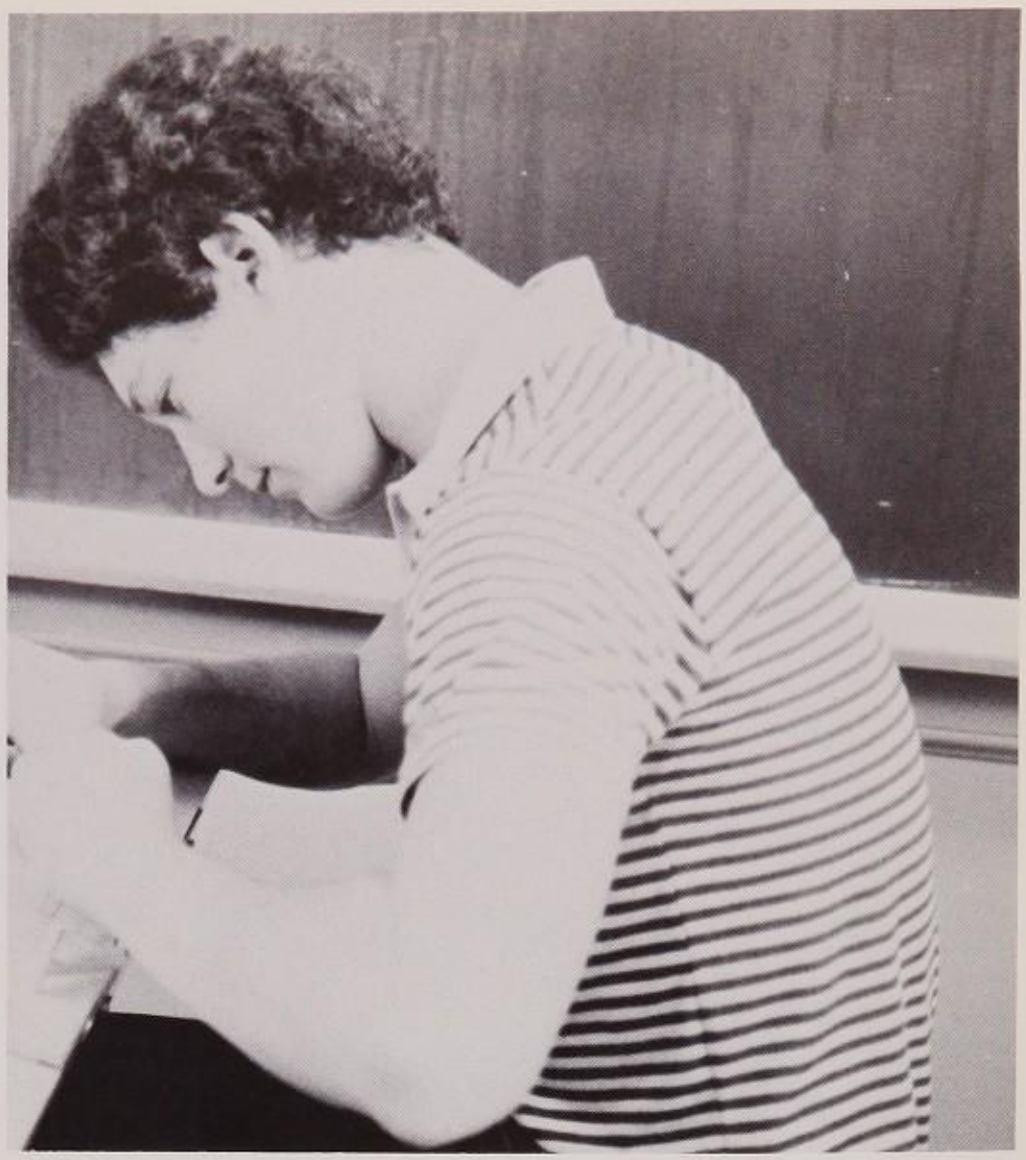


Fine Art classes enable students to display their talents

This year the Fine Arts Department underwent a few changes. A new face was added. Mr. Roger Sills joined Mrs. Audrey Finley in teaching a few of the art classes. Mr. Sills is also one of Memorial's guidance counselors. The art program also added some new equipment including two new looms . Also in the Fine Arts Department was Mrs. Joy Brandenburg, who taught the mechanical drawing classes and was the advisor for the photography club.







Top Left: Kelly Ireland takes a minute to look up from her art work. Top Left: Junior Greg Mudd works intently on his mechanical drawing project. Bottom: Junior Mark Oldham takes a peek at Junior Bob Brandt's art work.

Hard work and fun combine in Home-ec

The home-ec department received a new face in 1979. Mrs. Mitzi O'Leary became the new home-ec supervisor. Sewing, while being creative, also taught students to be economical. Students made various outfits including three piece suits, pant suits, swimming suits, and everyday wear.

The entire class enjoyed the out come of their efforts when they watched fellow students modeling their "homework." These students developed many talents and used this class to help provide for their future.

Business: A tool for the future

Business opens doors to the future for many students, with many jobs revolving around these classes. Although these classes are not required, business classes are selected by many students.

A special project sponsered by Junior Achievement and organized by Sr. Julie Kramer, was started for the freshman class. Project Business ran throughout the first semester. Mrs. Carole Diehm, Project Business consultant, conducted class for one hour a week. She held discussions and organized field trips to local businesses. Her main objective was to motivate her students to relate their interests and abilities to business careers.

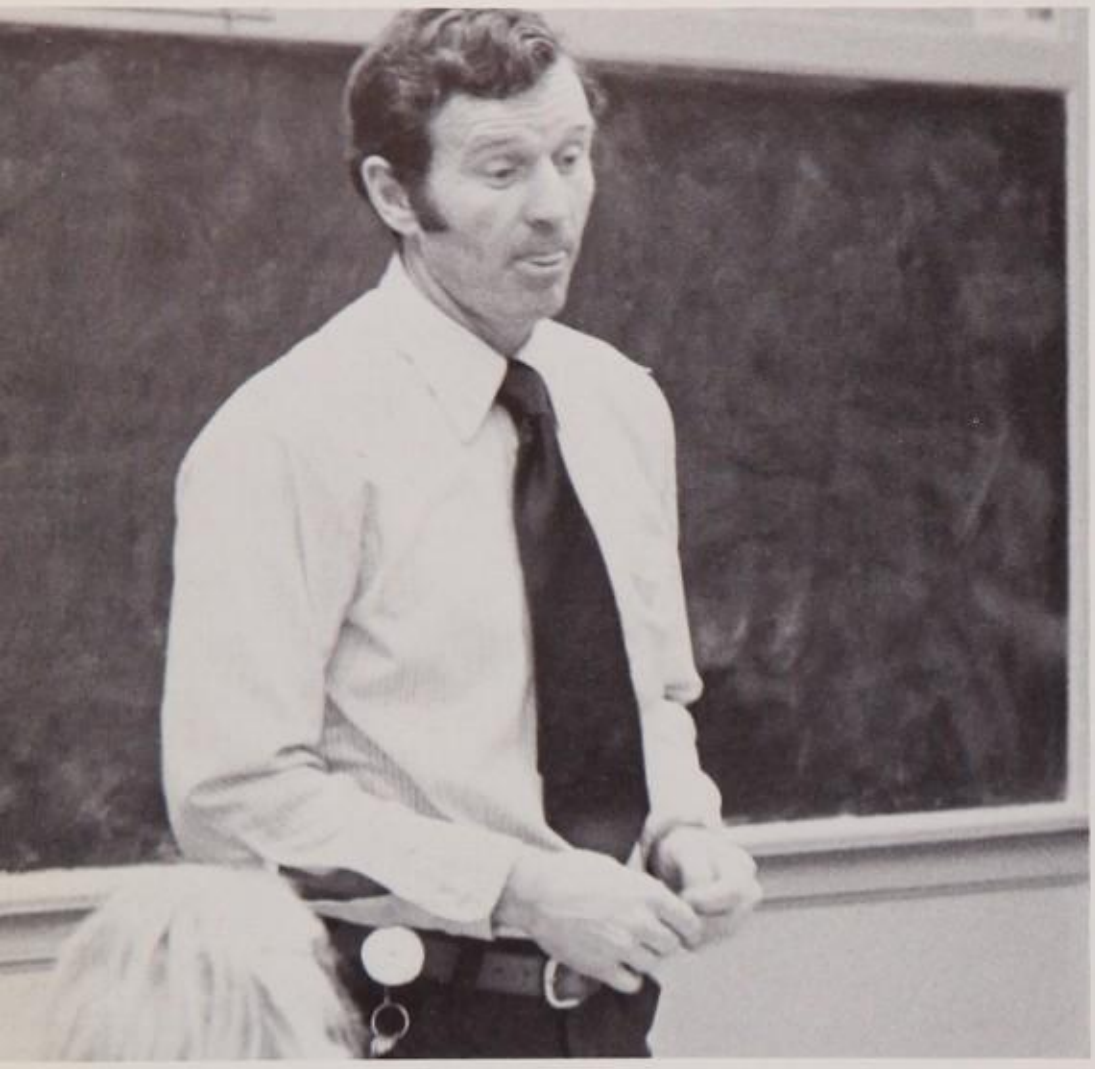
Practice makes perfect for Drivers Ed and T&I



Sophomores learn to drive and some juniors and seniors have the opportunity to go to trade and industry classes at North and Bosse High school.

Sophomore drivers education students spend four days in the classroom, where they learn the rules of the road by films, lectures, textbooks and teacher instruction, and one day driving where they have complete control of the car to perform actual maneuvering. Although the student has control of the car, there is a brake on the passenger side for the instructor's use if needed.

Juniors and seniors have the opportunity to enroll in the trade and industrial program at North and Bosse High Schools.

T & I gives the student an opportunity to take classes that aren't offered at Memorial. Included in the program are auto body mechanics, building trades, printing, electricity and food service.

Variety is key to communication in English class

English classes encouraged better communication through a variety of courses. Freshmen learned to write better through a process of speaking, listening, and looking in Mr. Hibbs and Sr. Mary Ann's OAV classes or through more traditional courses offered by other members of the English Department.

Sophomores spent one semester writing and revising their compositions and another semester participating in a speech class.

Juniors and seniors chose from a list of sixteen semester courses to fulfill the required four units they needed in the phase elective program.

Foreign languages offered the students an opportunity to learn more about other countries. Throughout the school year the students learned more about the country they were studying. Memorial offered three different types of foreign languages: German, French, and Spanish.

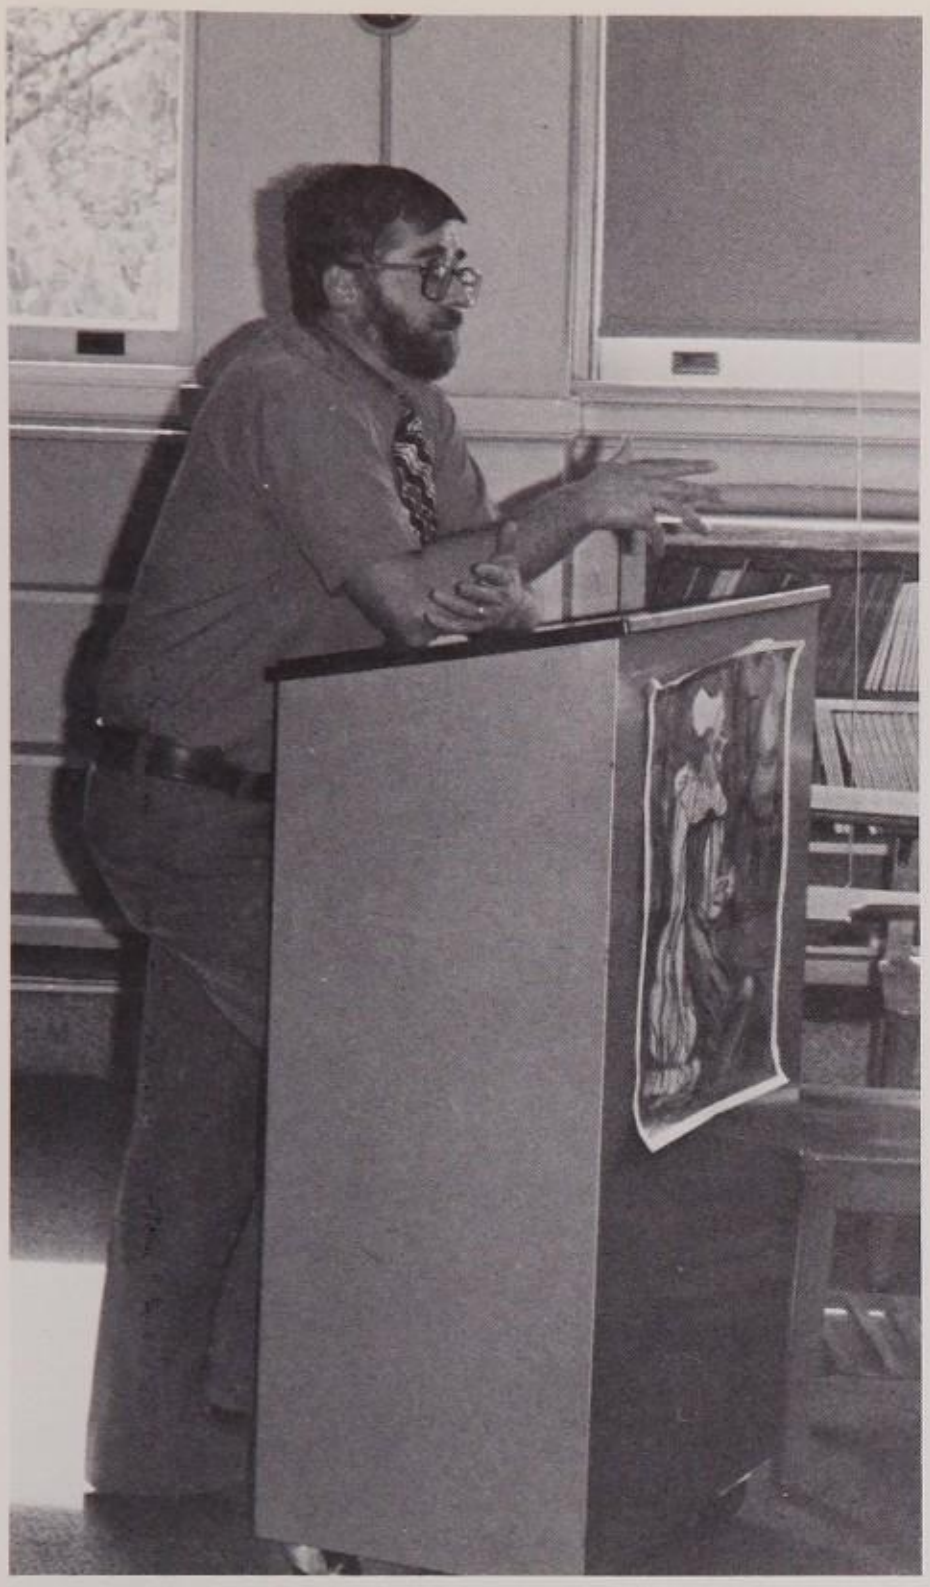
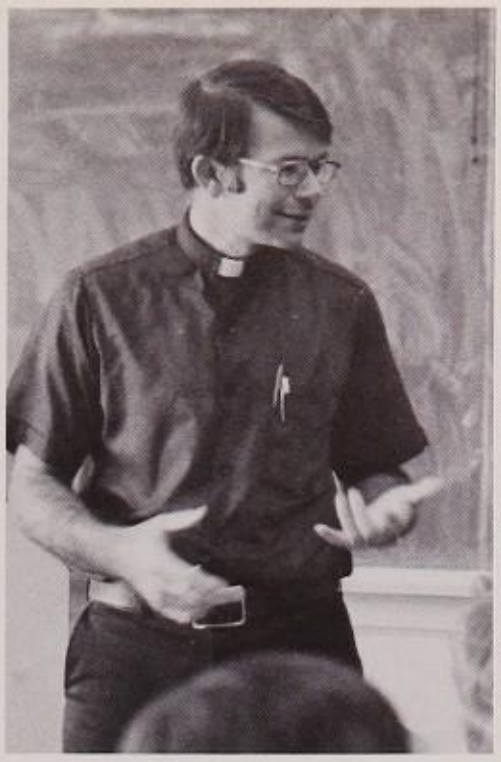
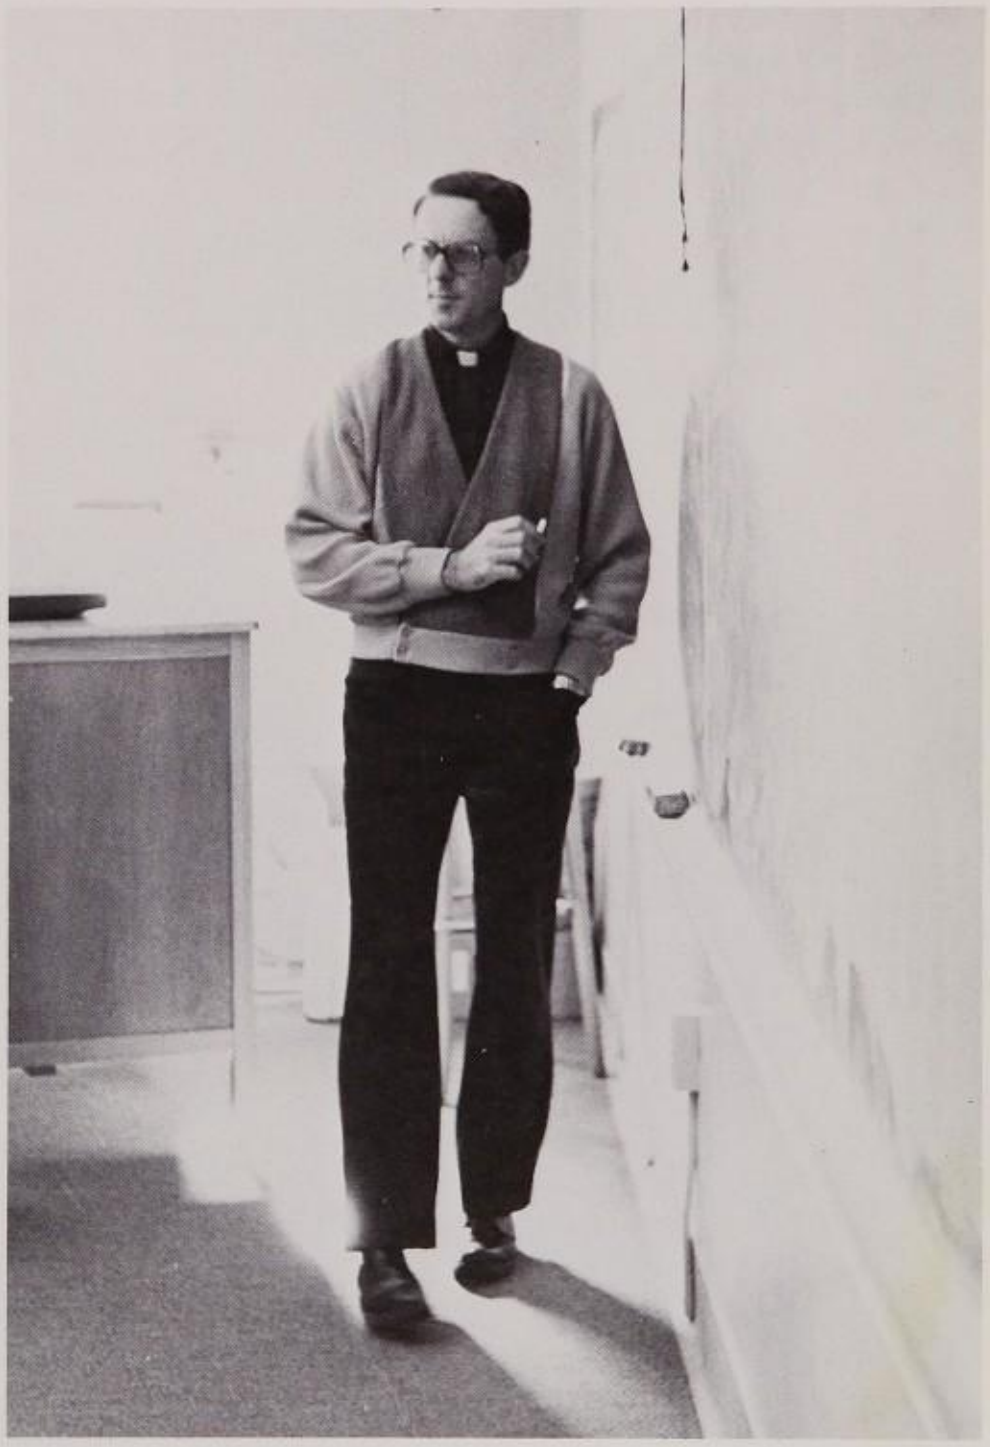
DEPARTMENT OF THEOLOGY OFFERS FOUNDATION FOR DAILY LIVING

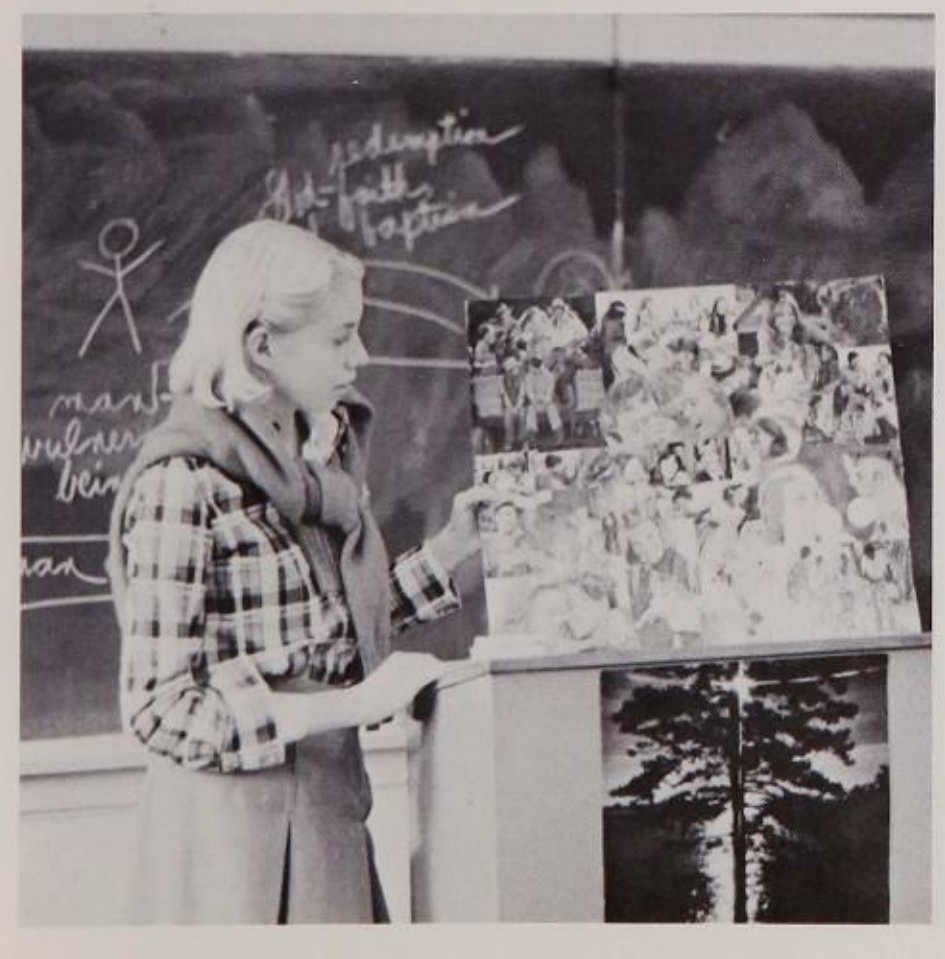
In 1979 the Theology Department offered a variety of classes to provide a foundation for the future development of each student's Christian life. The students and faculty strengthened that foundation with study of the bible, liturgies, Sacraments, and different religions. The students also learned to understand themselves and others.

Right: Miss Patti Scudder conducts a theology class.
Below: Sophomores listen to a class discussion.









Theology classes were taught by a variety of teachers and sometimes even by a student. Clockwise starting at left: Freshman Anne Majewski, Mr. Redman, Fr. Wargel, Miss Dopierala, and Father Pokorney. Mr. David Franklin, Sr. Mary Jeanne Stone, and Fr. Jean Vogler also taught classes in theology.

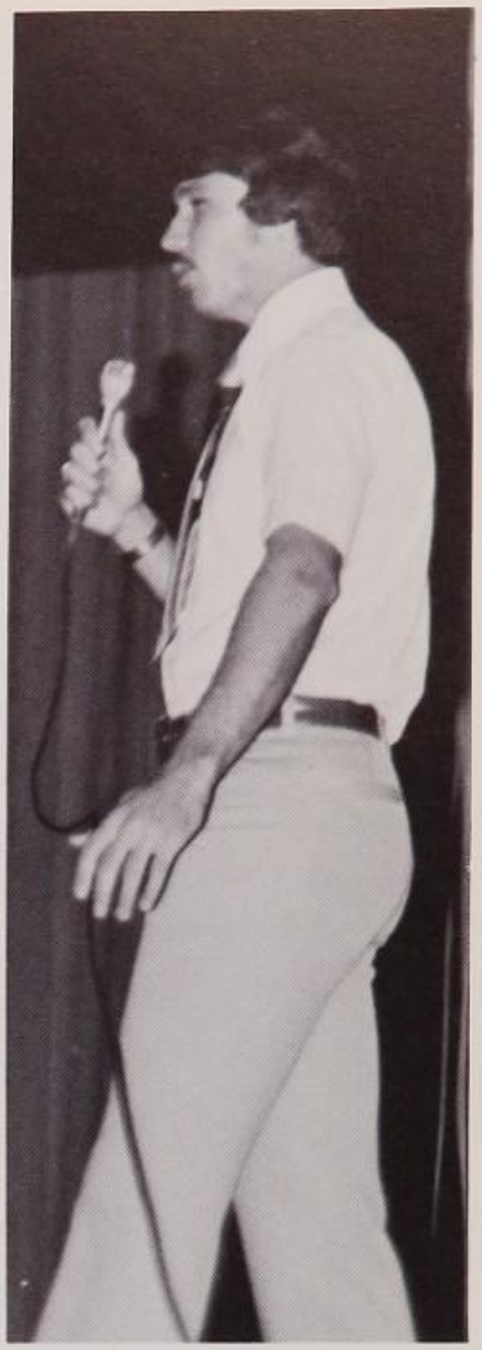
Historic simulations Enliven history class

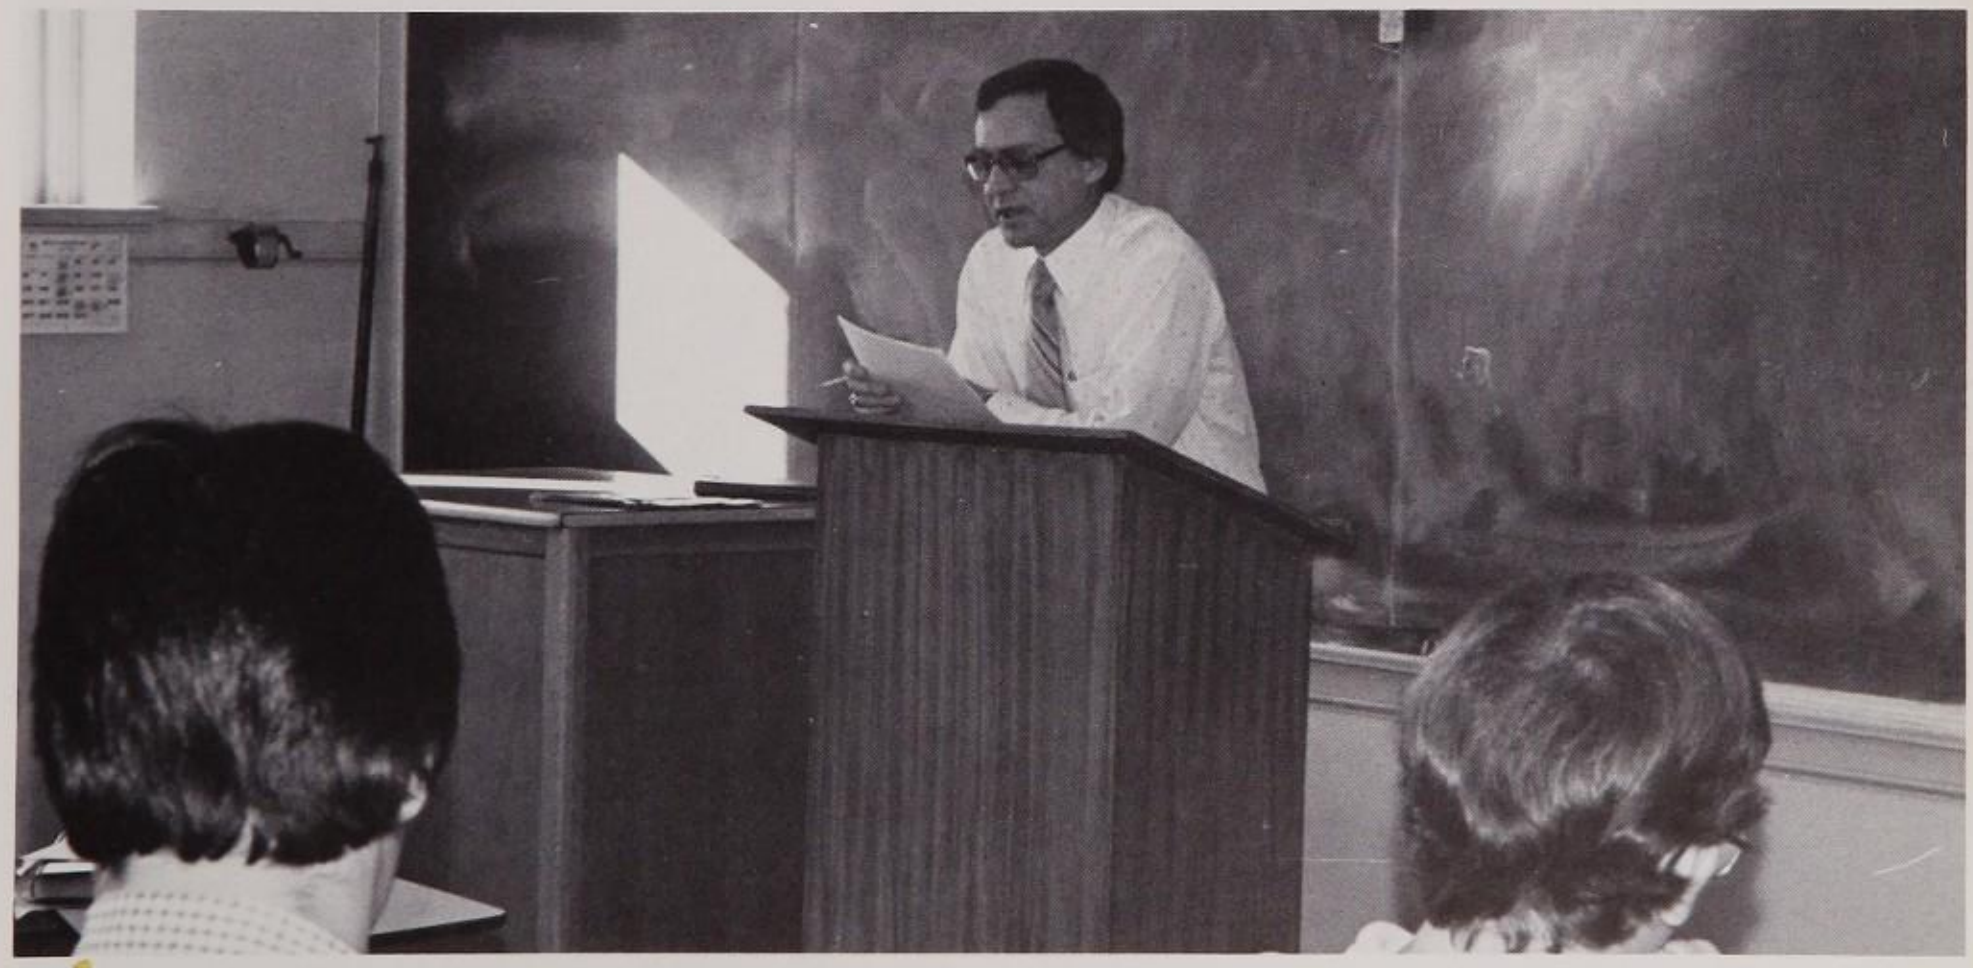
Through the year as you were strolling down the hallway, you may have seen and heard interesting topics being discussed in the U.S. History and Advanced History classes. A popular activity for Brother Eugene's classes was the simulation of historic events in which the students got a first hand look at the events leading up to World War I or at the life of a colonial settler.

The second semester of Brother Eugene's class deals with psychology. During the semester, Brother Eugene has many different experiments, like measuring brainwaves and teaching fish how to obey.

Mr. Schultheis's Government class expanded their experiences by going on some field trips to local, state, and federal offices.

This year the social studies department added a new teacher, Mr. Rick Fears, who worked along side Brother James Kinsella, and Mr. Dan Leraris, teaching the world history classes.





Top Left: Seniors pay close attention to Mr. Gore. Top Right: Mr. Fears lectures the Freshman history class. Above: Mr. Wannemuehler reads the week's assignment to his class.

The aftermath of math is math and more math

Calculus, square root, and trigonometry — what a drag! Algebra in eighth grade was hard enough; now these crazy x and y theorems are too hard. Who knows the square root of 5000?, and what is pi? These were a few things learned in math classes. The 1979 staff offered a wide selection of math courses. New teachers, Mr. Bennett and Mrs. McHugh, joined the returning veterans Sr. Julie, Miss Eberhard, and Mrs. Funk.

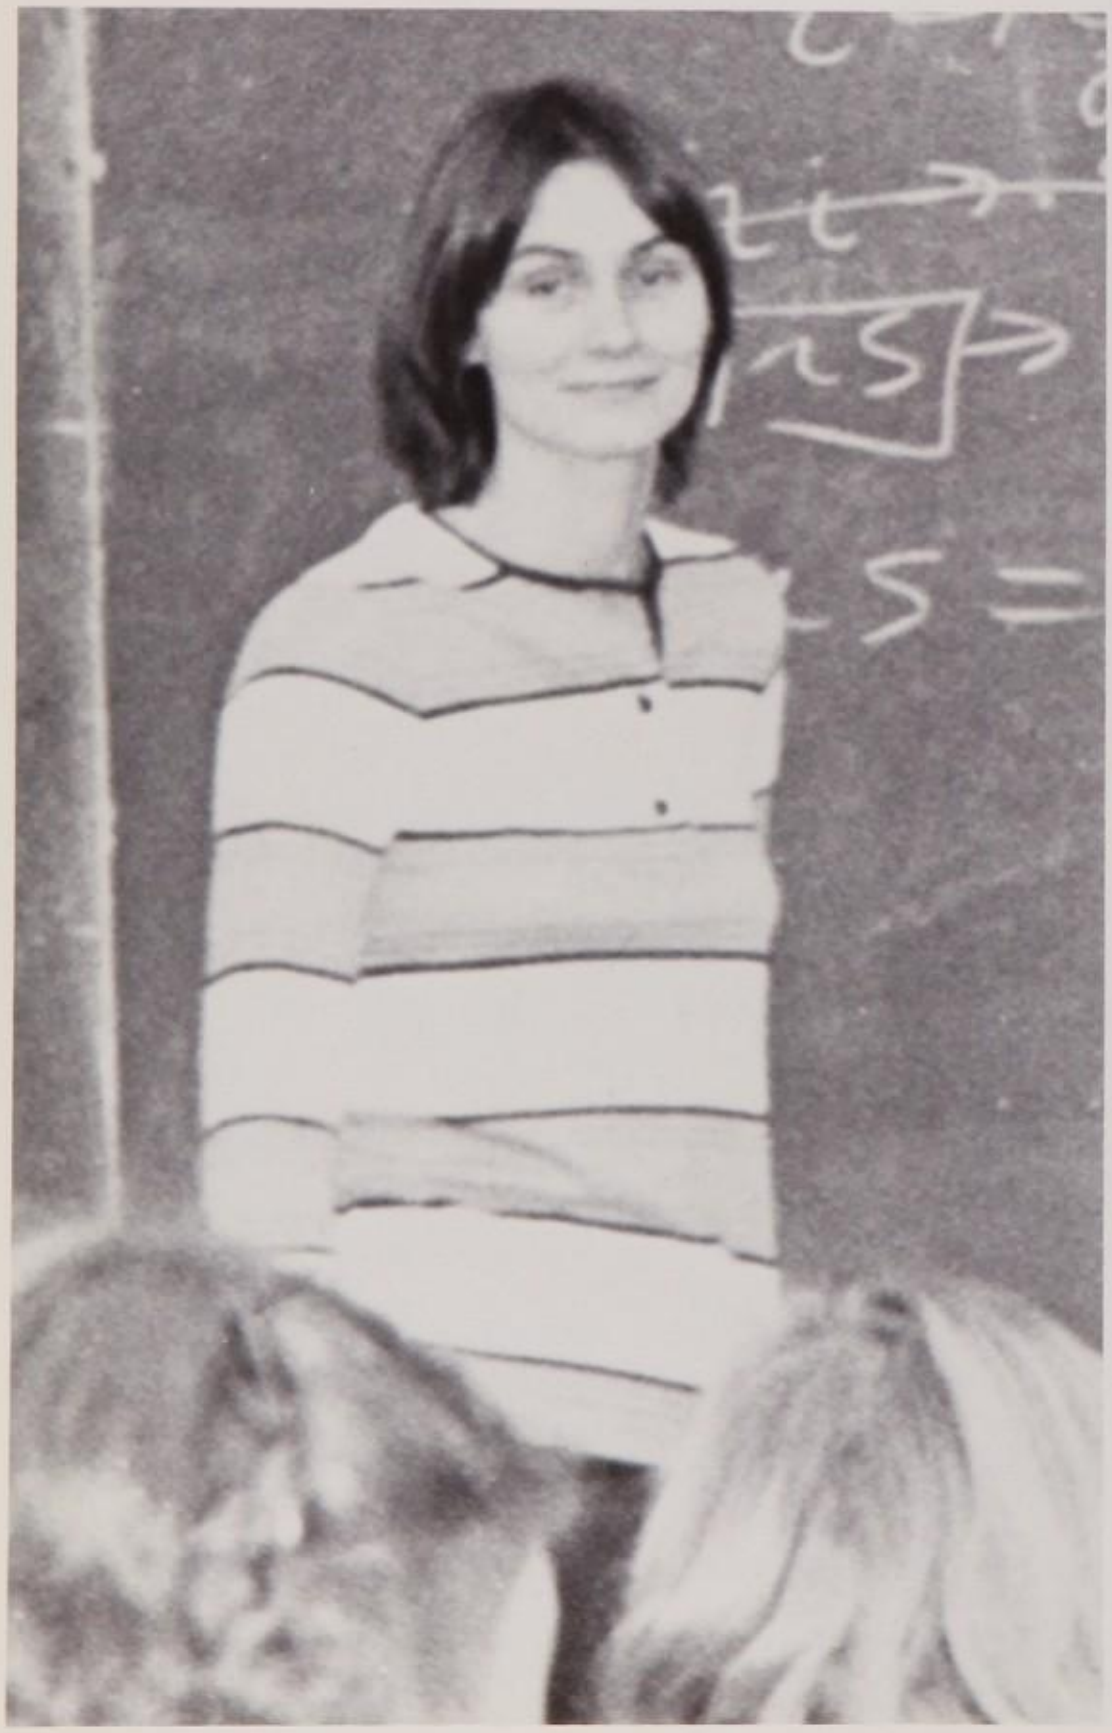
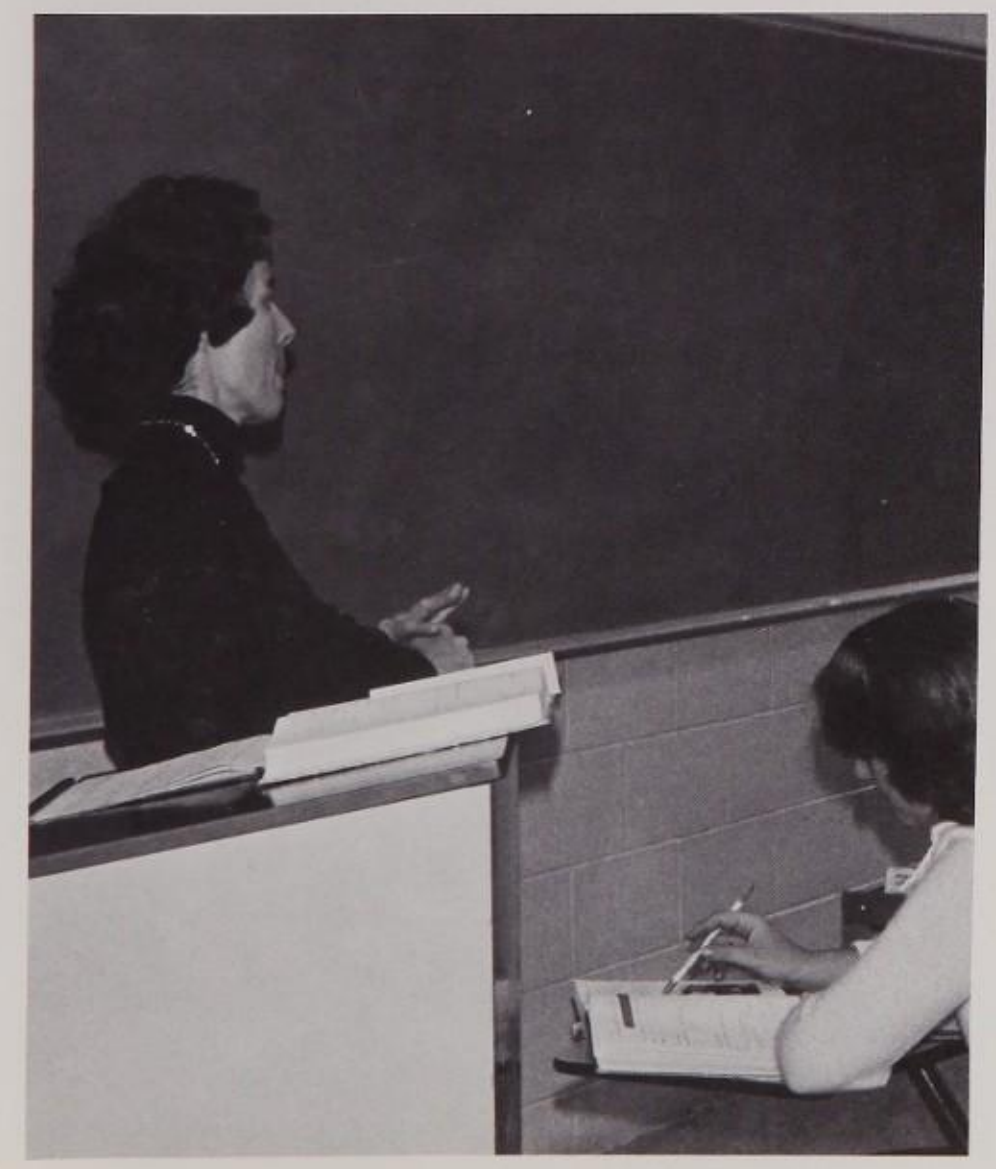
Opposite top: Rodney Folz got a helping hand from Mrs. Eberhard. Opposite Left: Sr. Julie waits for a reply from her class. Opposite Right: Paul Hubert seems baffled by a problem.





P.E. enables students to keep in shape while having fun

The physical education department underwent a few changes this year. Mr. Rich Fears joined the staff to teach two classes, one freshman and one sophomore.

All of the girls' gym classes were taught by Mrs. Mickie Jones, who is also the coach for the girls' gymnastics team.

The P.E. department also added some new equipment this year, two new rosin boxes, a spring board, a new crash pad and new gym suits for the girls.

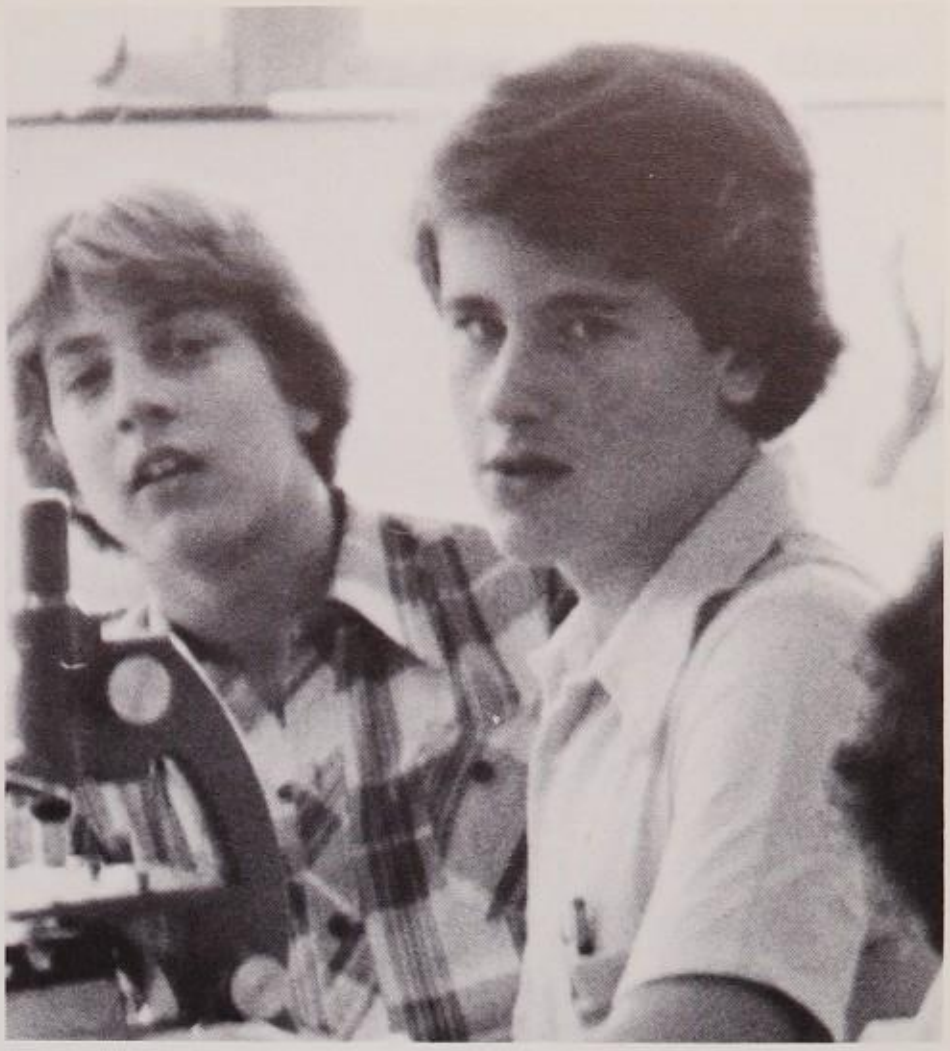
Science Students Canoe their Way To Enjoyable Year

Science, ugh!! Was this one of the many feelings shared among students at Memorial? Well, the science classes at Memorial aren't as boring as you might think.

This year the Science Department received additional chemistry and physics equipment and a number of new filmstrips for the Biology classes.

Different classes went on a guided tour of the Old Ben Coal Company stripmines and a guided tour of the Patoka Game Area. Last October the classes sailed with Fr. Wargel on the Power Plant lake near Mt. Carmel, Illinois. In December the classes went to Chicago to take a canoe trip.

With all this activity, could anyone still feel science was a boring subject?

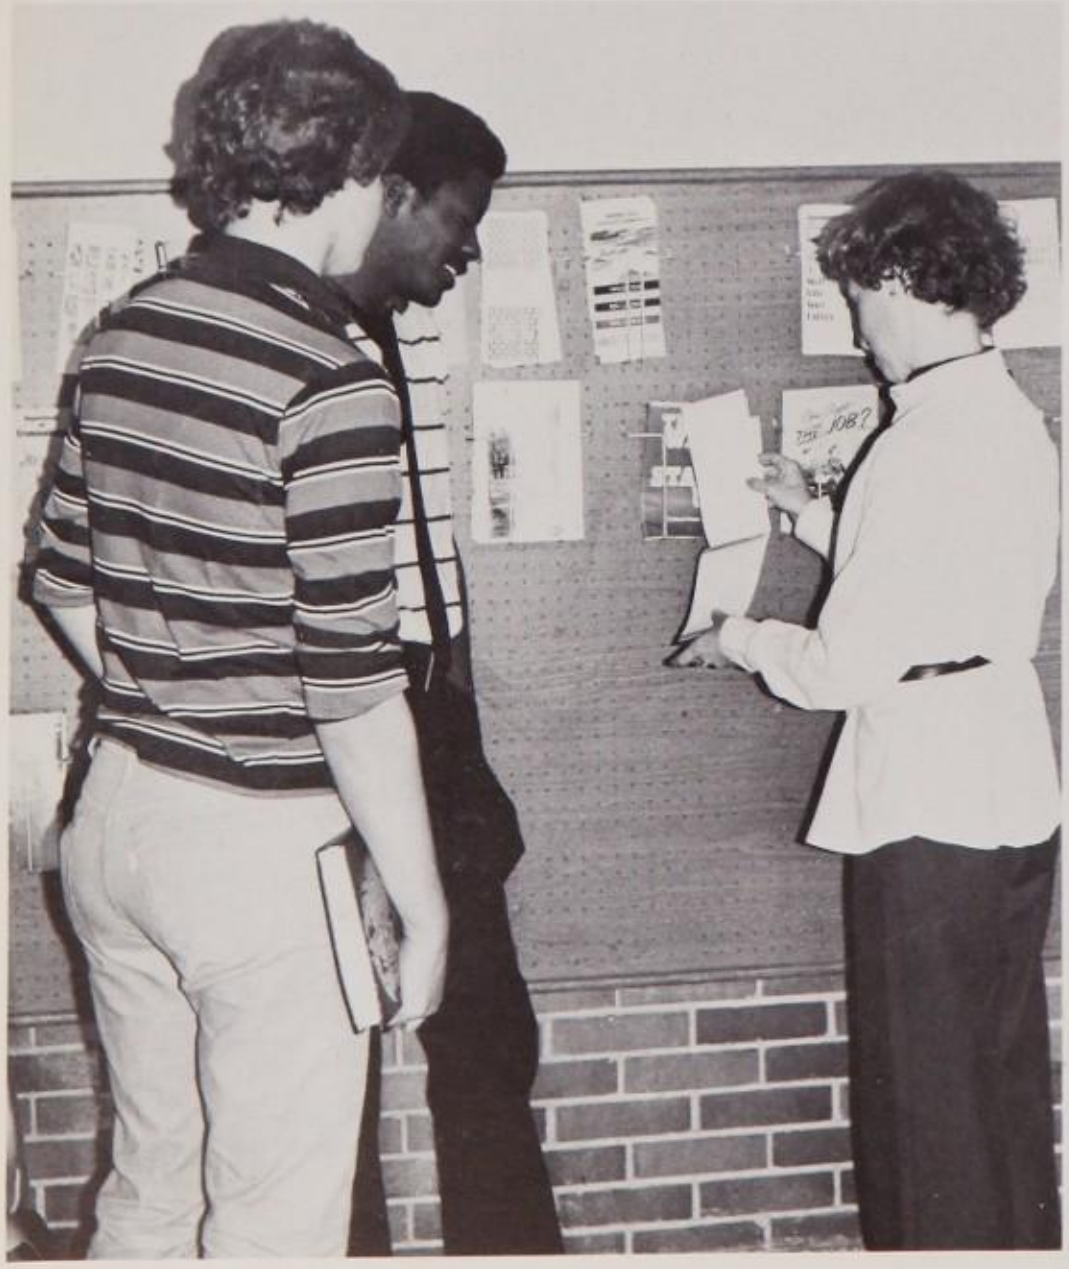


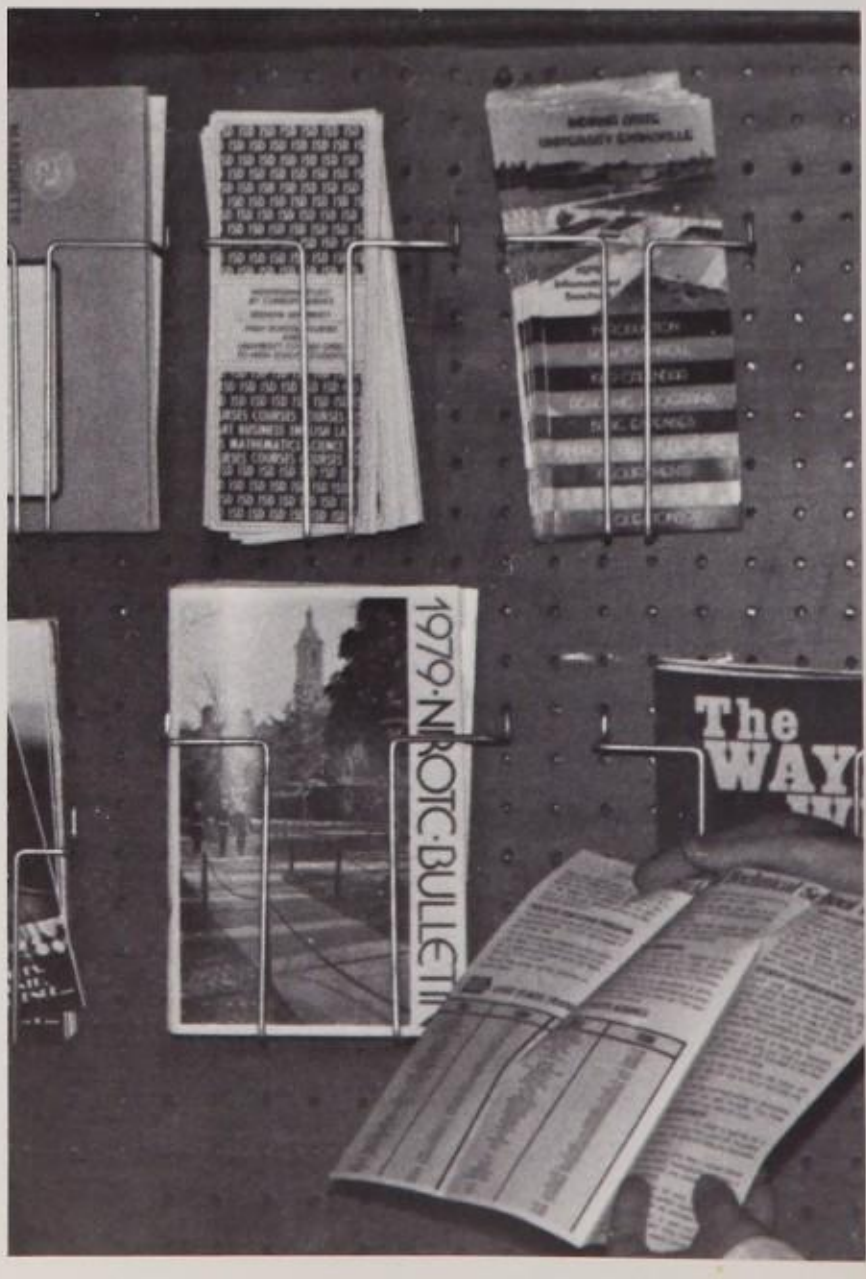
Guidance Counselors give academic direction

Helping students to select the courses they should take and colleges they would attend was a major task of the three guidance counselors at Memorial. Sr. Jeanne Stone was the Freshman counselor, Mr. Roger Sills, the Sophomore counselor; and Miss Pat Cleary, the Junior and Senior counselor.

Mr. Sills and Miss Cleary had their offices on the third floor in a suite of rooms running over with college recruitement materials and career opportunity booklets. Some freshmen wondered if the placement of their counselor, Sr. Jeanne, next door to the dean's office on the main floor, suggested that first year students might need discipline along with their counseling.

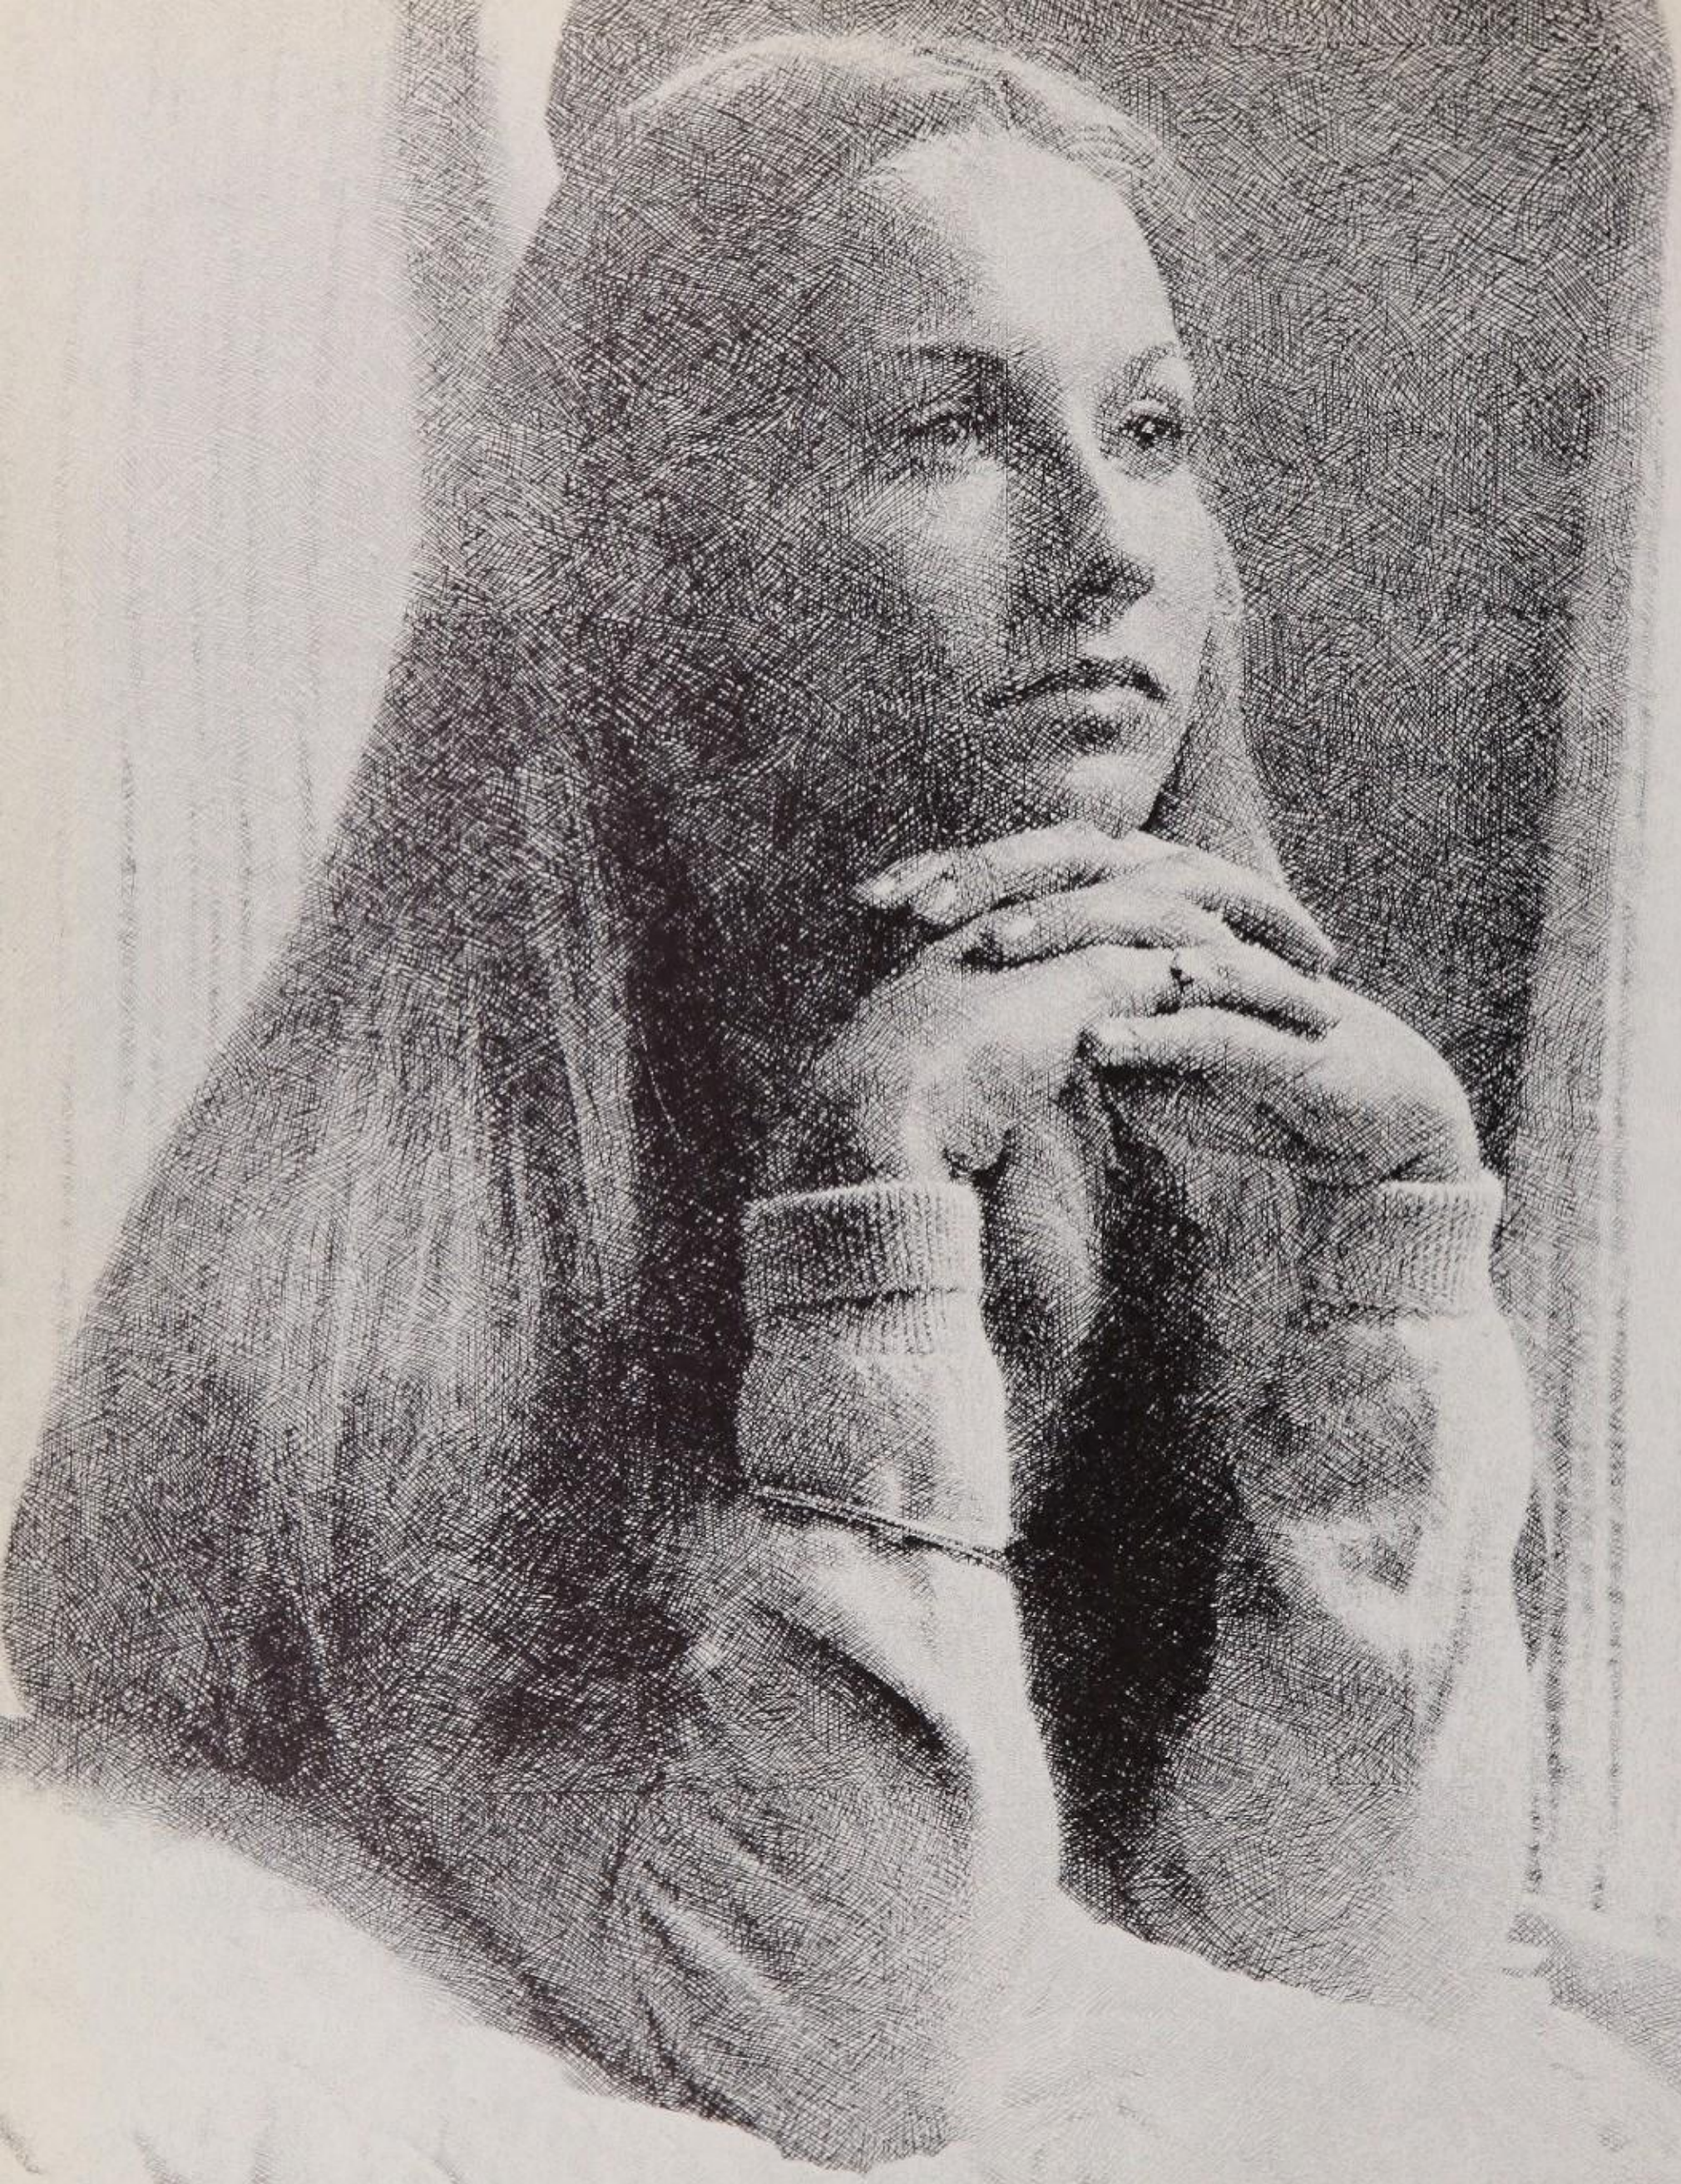
Below: Miss Cleary seems to be pleased at her progress in counseling Juniors and Seniors.
Above Right: Miss Cleary is doing what she does best. Counseling.





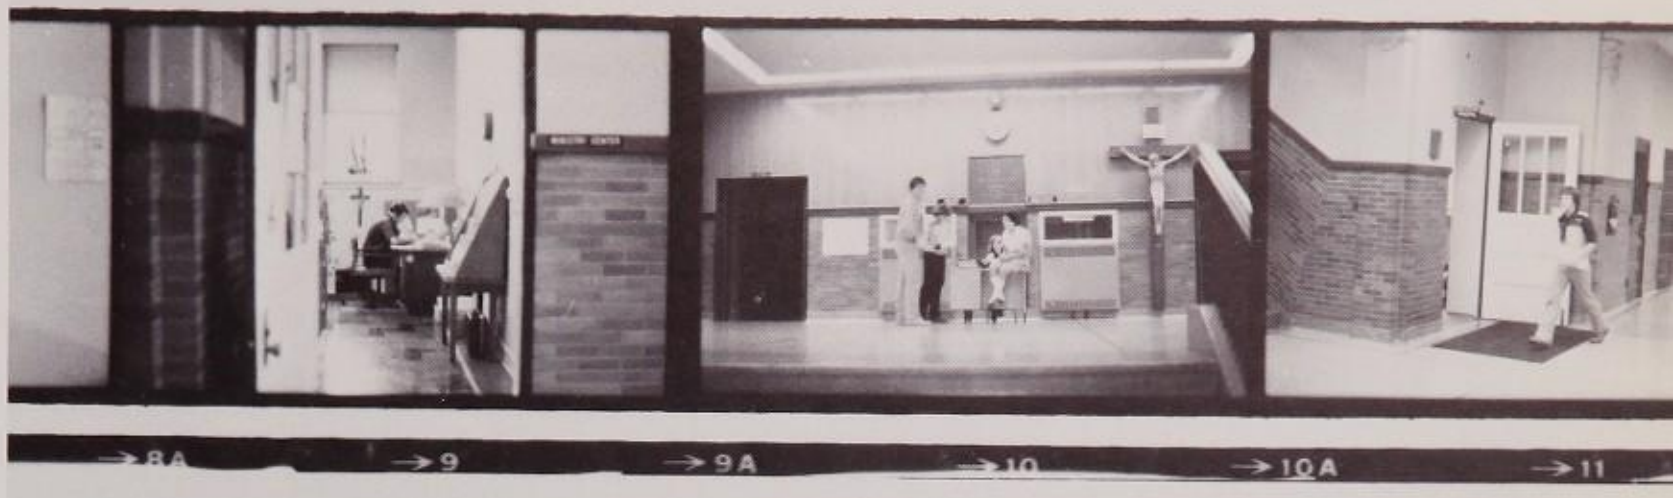
Mr. Roger Sills arranges for sophomore D.A.T. tests and advises Memorial's second year students in their choice of courses.

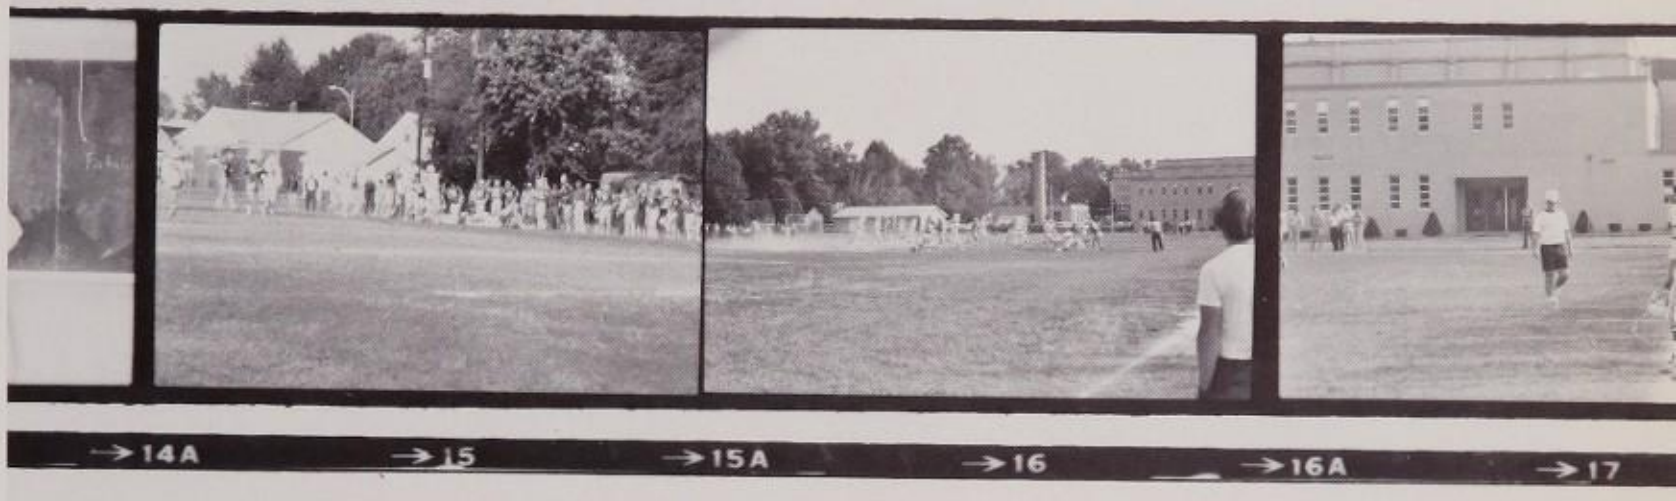
Sr. Mary Jeanne Stone cheerfully welcomes the freshmen who come to her for advice.



DREAMING OF . . .

ATHLETICS





This year's tennis team had one of its most successful campaigns ever, they went through regular season with an impressive 11-2 record. They then went on to massacre Central in sectionals, Princeton in the regionals and then whizzed by Brebuf and Terre Haute North in semi-state play. Memorial ousted Marion 3-2 and advanced to the state finals against North Central. Memorial lost 4-1 in the finals with the only win coming from John Greif.

Volleyball teams place second in city competition

The 1978-79 Varisty Volleyball team placed second in city competition with an impressive record of five wins and two losses, losing only to state finalist Mater Dei.

Coach Brenda Craig led the Tigers to an overall season record of eight wins and six losses.

Team captain Laura Hillenbrand, Deena McDonald, and Jenny Schulz were voted onto the SIAC All-Conference team, while Patty Hubert was selected as the Kiwanis Award winner.

The Tigers were knocked out of sectional action by Mater Dei.

The Junior Varsity team, coached by Miss Scudder also finished with a 5-1 record, and won second place in city competition. The Tigers finished with an overall record of eight wins and two losses.

The Soccer Team Aims for a goal

The Memorial soccer team completed their second season in grand style. The team defeated every school in the city with the exception of Harrison, which the Tigers tied.

The team has also played several schools out of the city. Coach Shymanski was very pleased with the season and is looking forward to a great season next year. The coach and team were backed by many fans at their matches, and are thankful for the support.

Cross Country tries to keep pace

Though winning isn't everything, the 1978 Cross Country teams kept working toward that goal. Coach Delbert Schiavone's eight runners participated in several meets. Veterans Bernie Paul, Al Harding and Mike Wade were joined by Rob Garnett, Dave Whitmore, Dave Johnson, Greg Hawes, and Larry Weinzapfel, in leading the squad's efforts.

Several returning players added strength and experience to the 1978-1979 Memorial High School basketball season. Bob Miller, Greg Merkel, John Greif, Robert Scott, Scott Schapker, Don Mattingly, Larry Hayden, and Mike Zikmund were returning players. Rick Frank Marty Montrastelle and Mark Stieler added strength from the bench.

The team played well under pressure often rallying to win the game as in the 74-69 win over Castle.

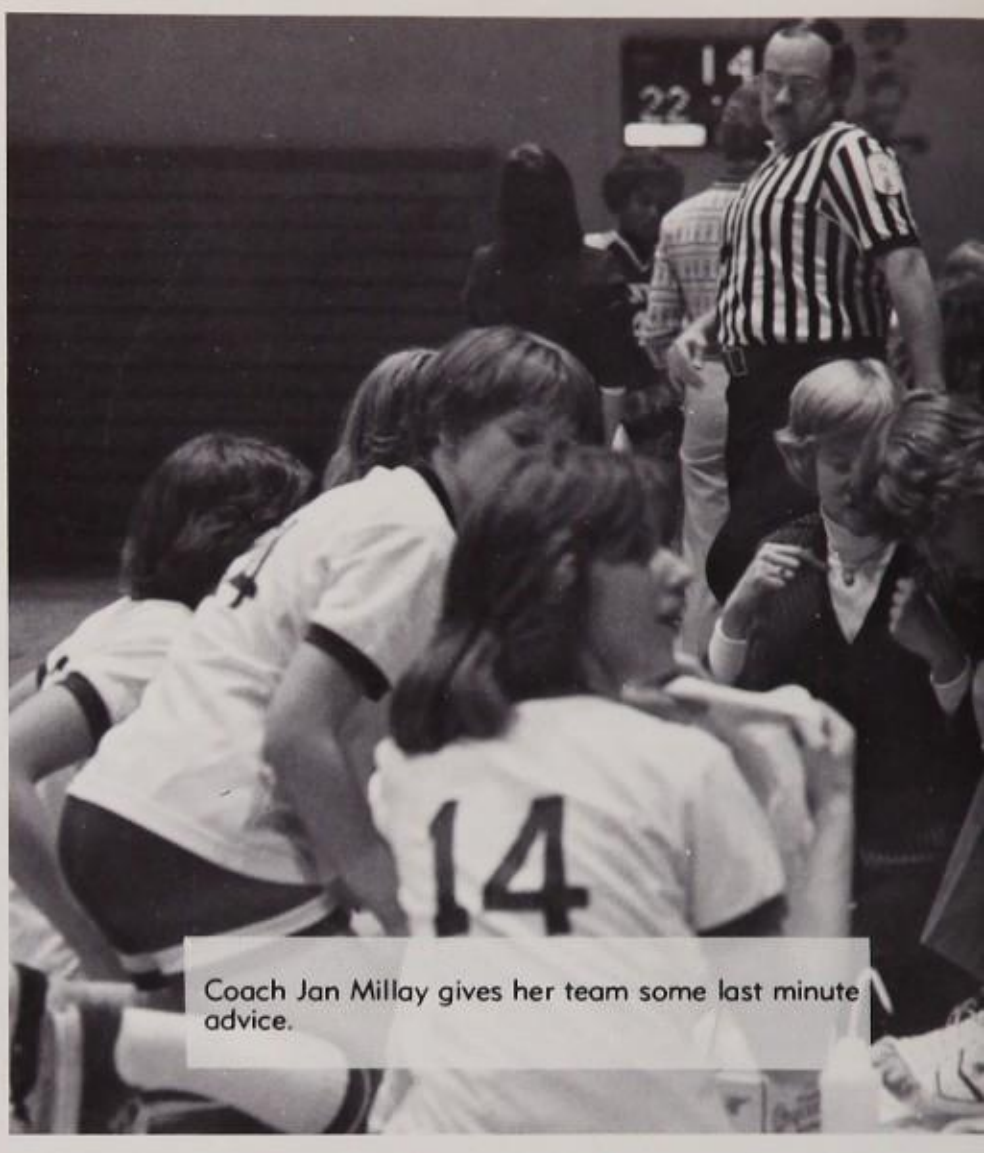
During the season the team seemed to build up good leads and then gradually lost them. A big last minute push pulled the Tigers out of many tight games. The result was a large turnout in fans and several anxious and exciting moments.

Prior to the game against third ranked Central, Coach Wannemuehler promised, "We are going to upset the Bears," and that promise was almost realized as the Bears really had to work for their one basket win over the Tigers.

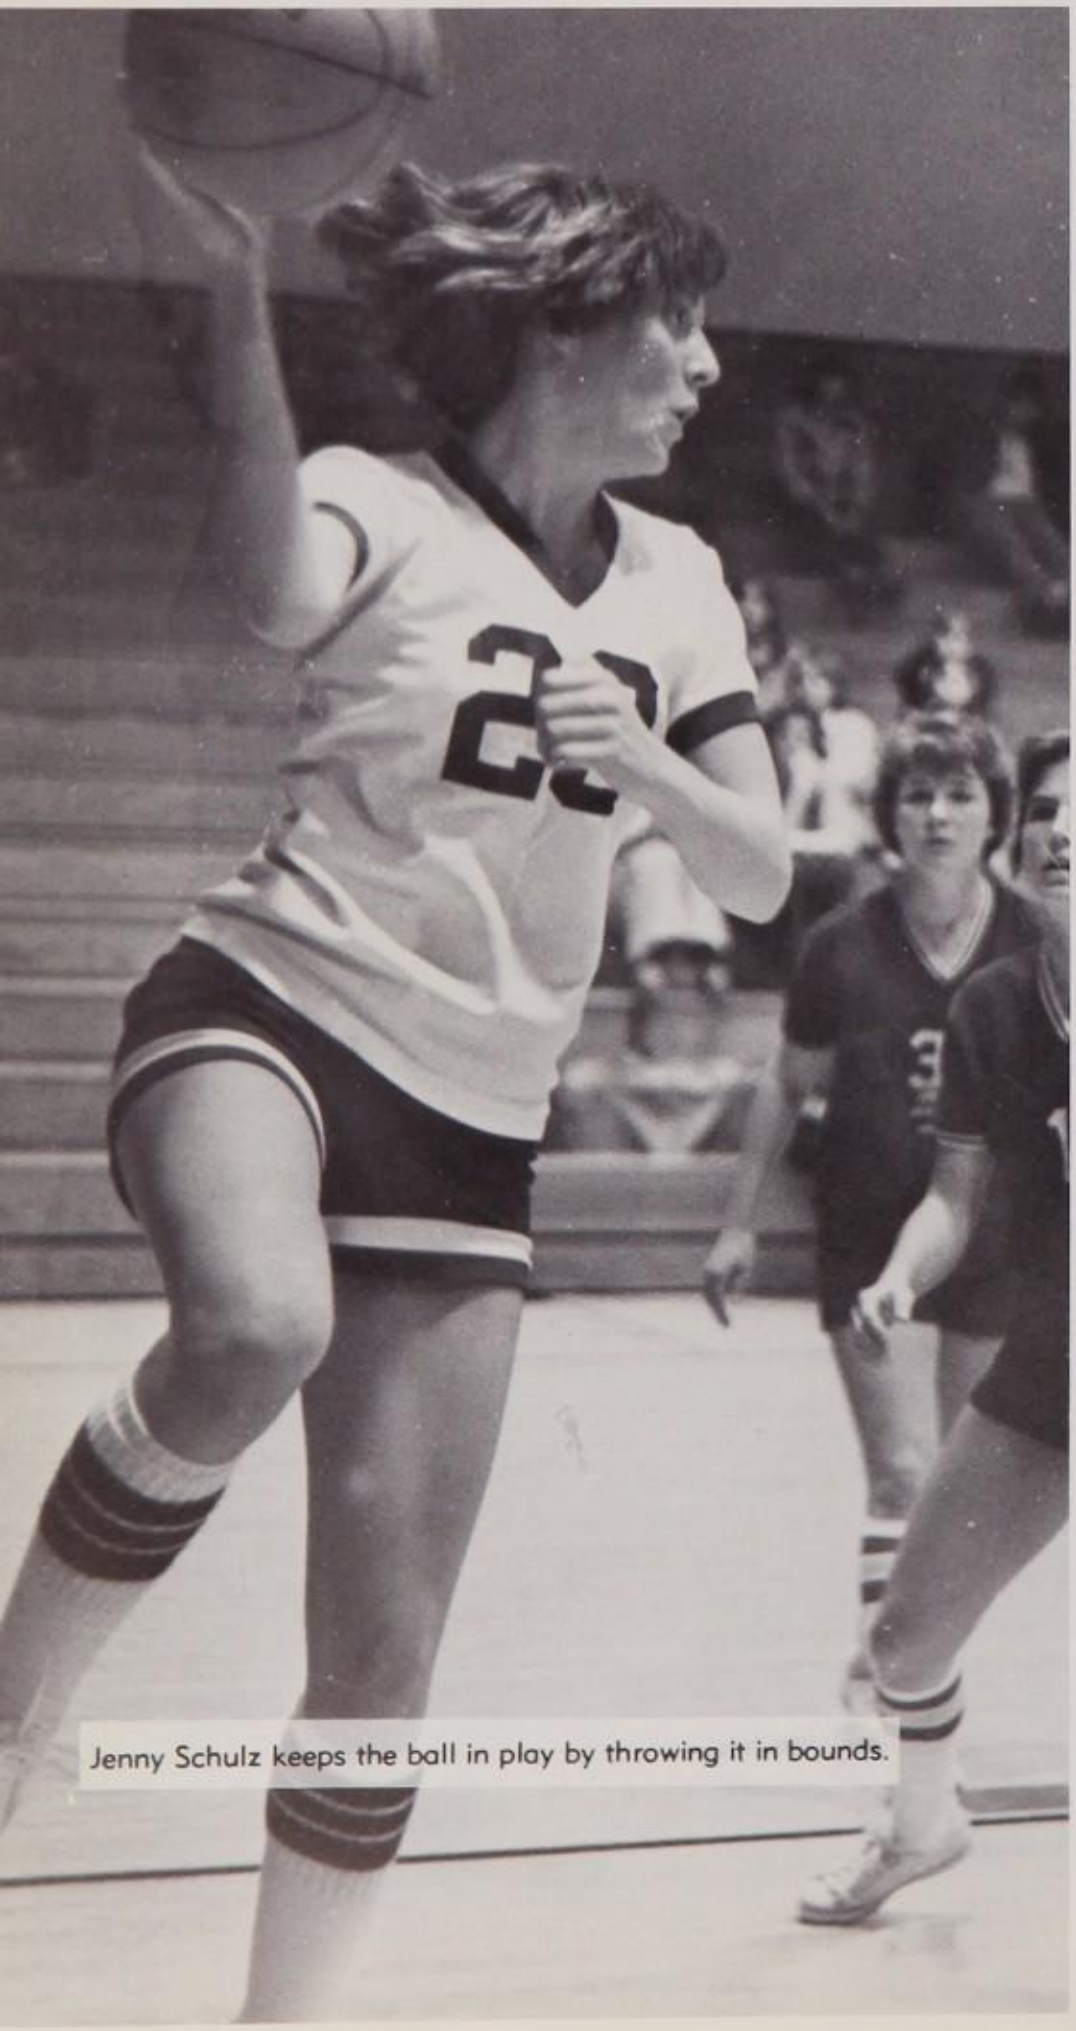
Lady Tigers continue to shoot for big season

In her third year as coach of the varsity girls' basketball team, Miss Jan Millay and her fighting Tigers fielded an improving team. Comprised primarily of Sophomores and Juniors the team's quickness and steady rebounds kept them in competition throughout the season.

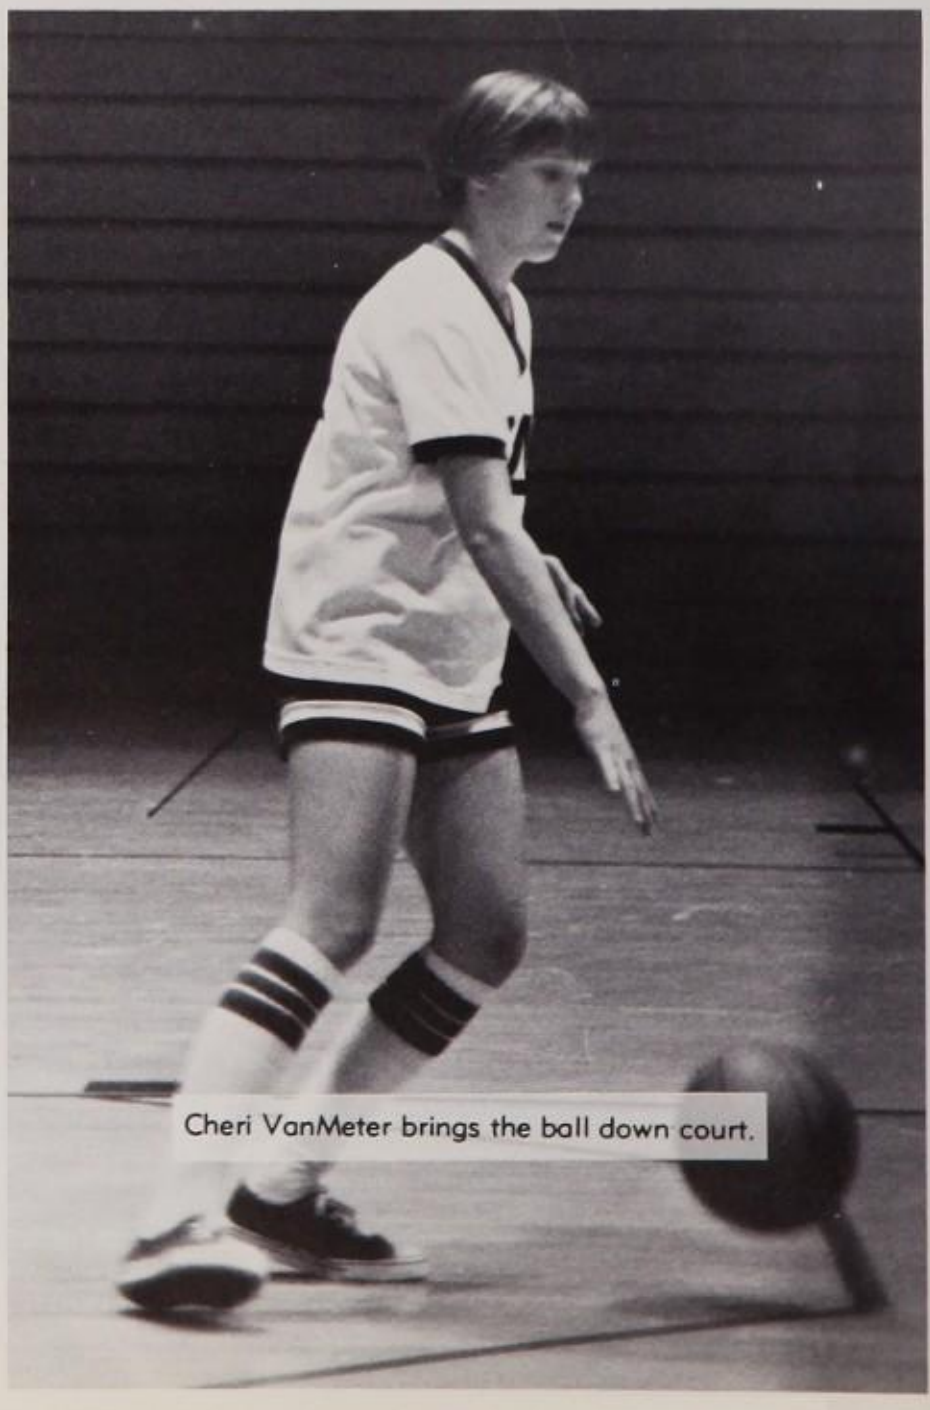
Although stand-out forward Laura Hillenbrand suffered a leg injury early in the season, her teammates redoubled their efforts and maintained a 7-7 record before losing to Central in the Sectionals.



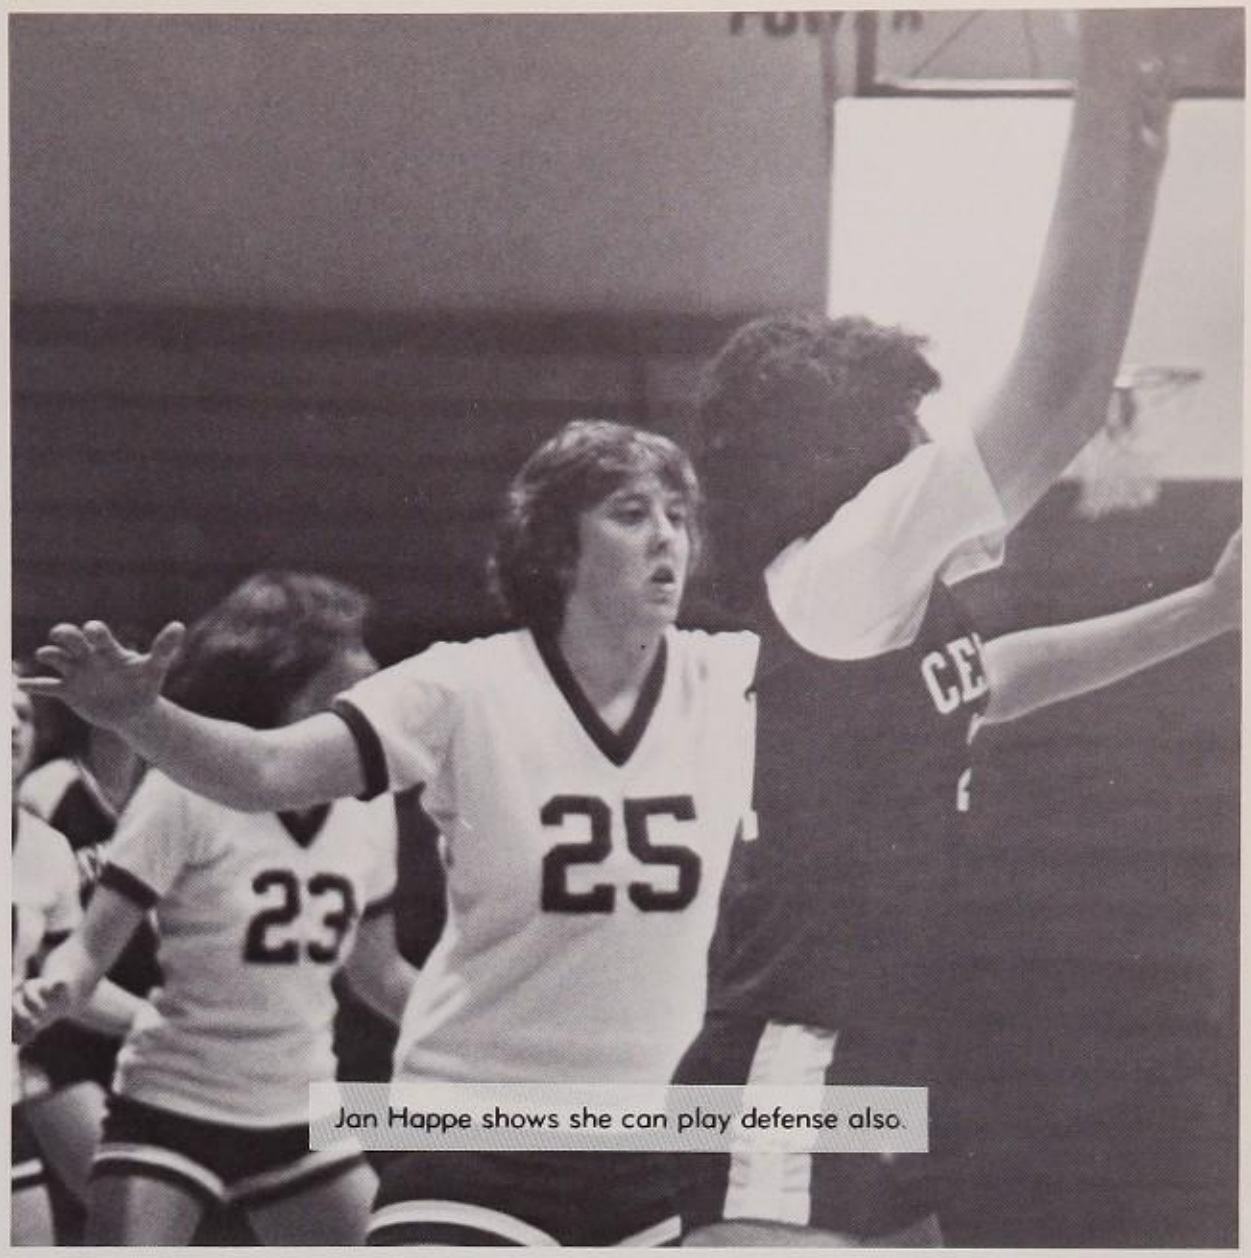
Coach Jan Millay gives her team some last minute advice.



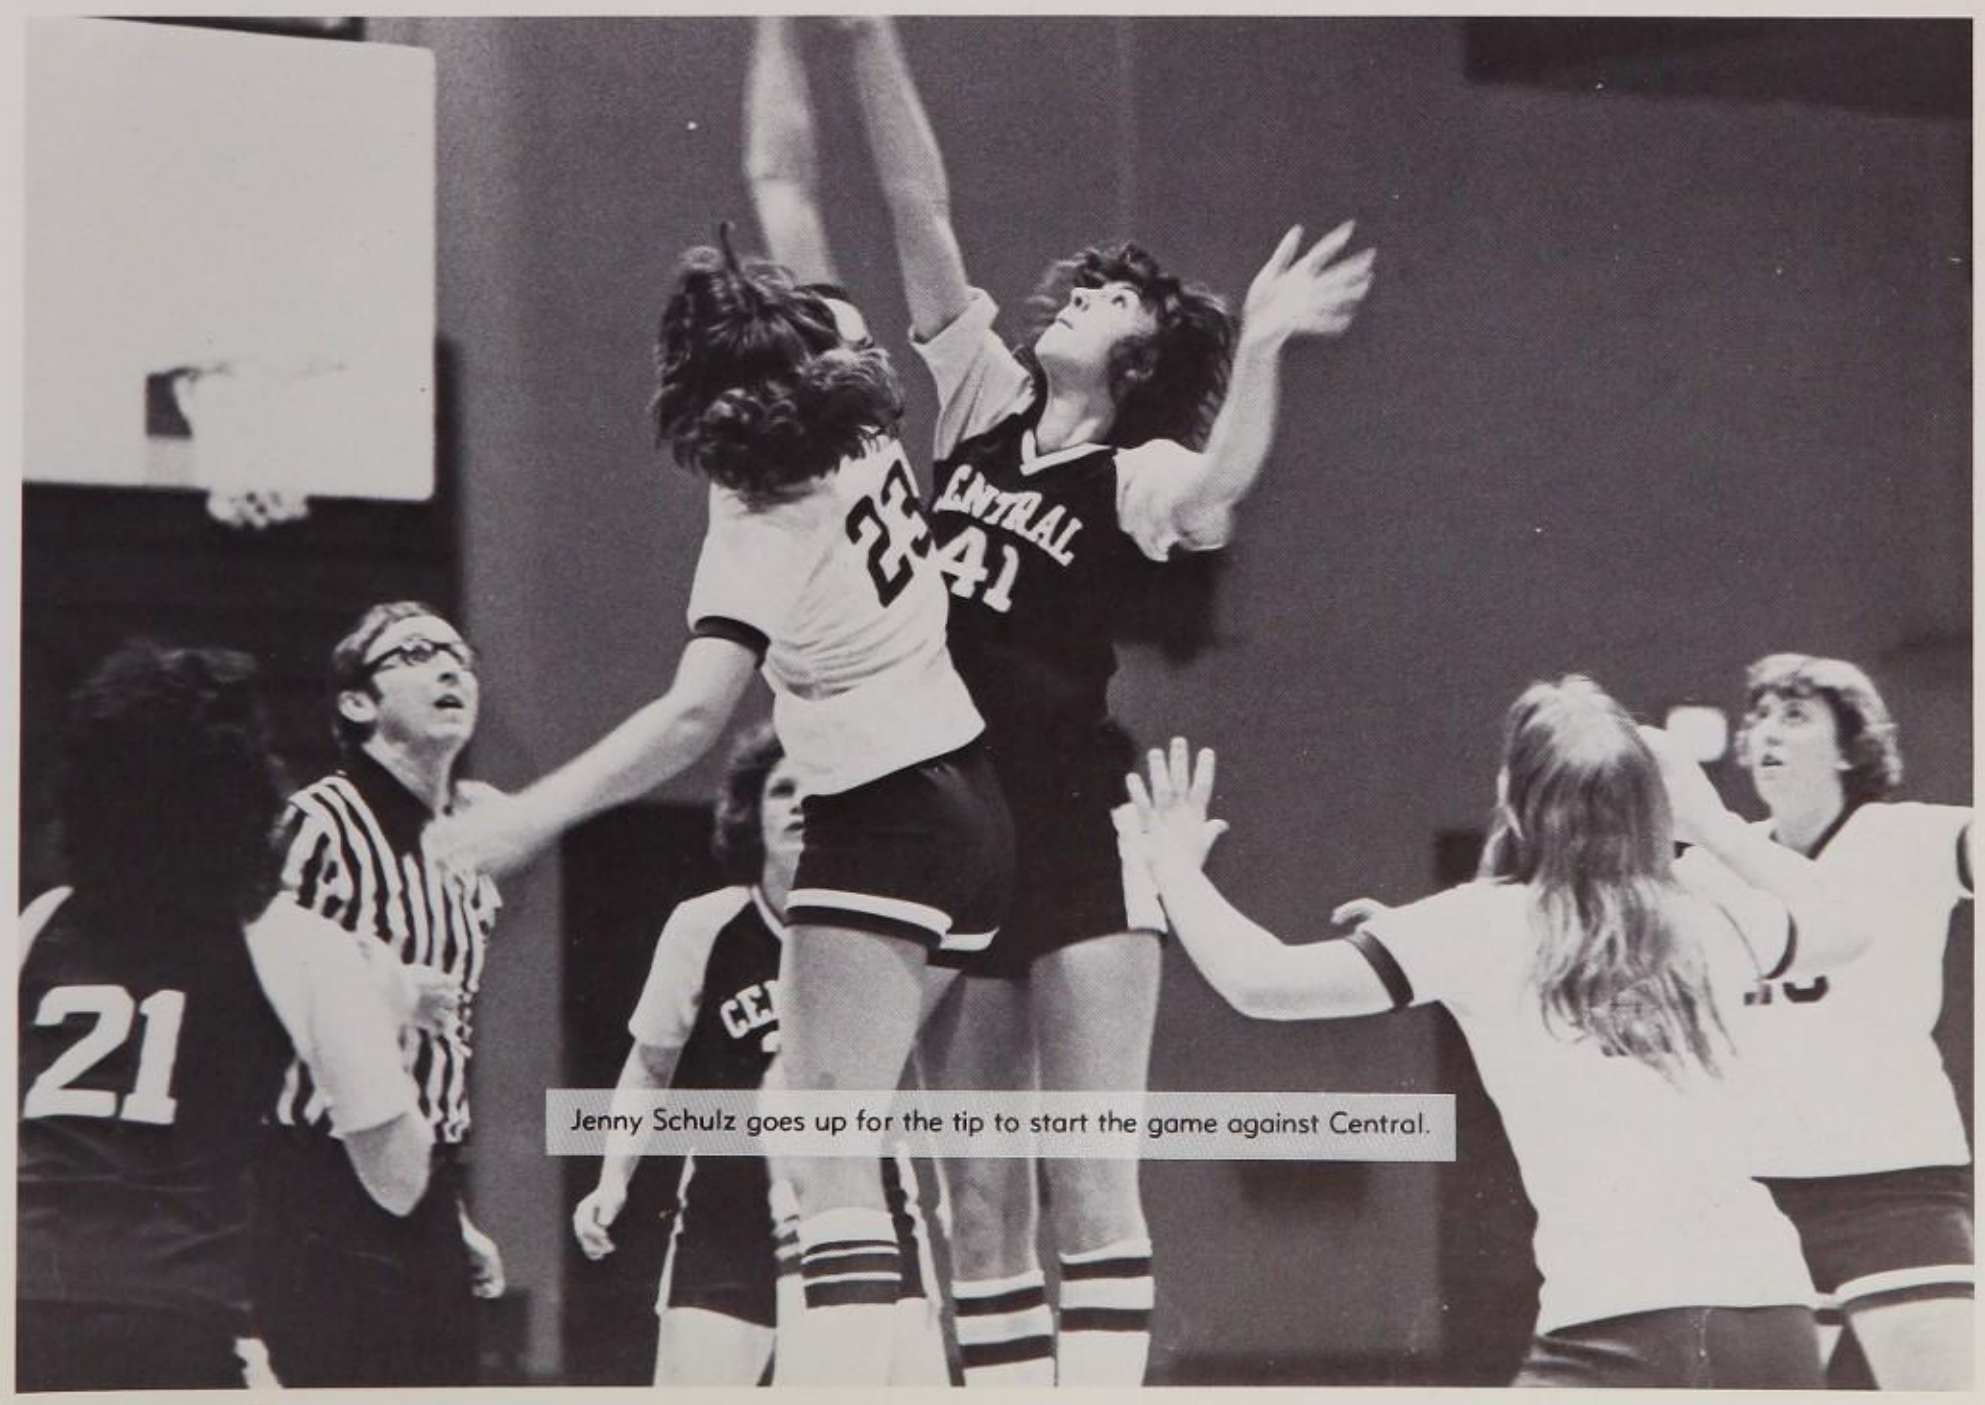
Jenny Schulz keeps the ball in play by throwing it in bounds.



Cheri VanMeter brings the ball down court.



Jan Happe shows she can play defense also.



Jenny Schulz goes up for the tip to start the game against Central.

Tiger Grappler's make strong showing in city

Wrestling is a very rigorous sport which requires many hours of hard work. Wrestlers have to weigh in at exact amounts. If the wrestler doesn't weigh this amount, he will practice longer and even more rigorously until he gets down to his weight. The day before the match proves to be one of physical and mental torture. The wrestler has to have his weight checked at the beginning of the day. Before the match, he has a very moderate lunch depending on his weight. When weigh-in time comes, the pressure builds up. When the wrestler makes his weight one of his worries is over, but the real work has just begun.

Intramurals break the monotony of winter weekends

Although Sunday evenings have long been known for their dullness, 150 Memorial guys found relief this winter by participating in intramurals. Freshman, Sophomore, Junior and Senior students organized teams and met on Sunday evenings to compete for the intramural championships. This year's intramurals were directed by Br. James Kinsella, and Mr. Terry Bennet.

Cheerleaders are the basis for fan involvement

The 1978-1979 cheerleaders involved the student body and other fans in supporting varsity football and basketball teams. The cheerleading squads stirred the crowds to shout encouragement in difficult moments and helped the fans express exultation over victories. The presence of the cheerleaders provided focus for the strong, enthusiastic support of Memorial Tigers.

Gymnasts exhibit coordination, balance, and rhythm skills

Memorial's gymnastics team began its season in November under the coaching of Mickey Jones. Mind and muscle, coordinated with strength and grace, helped the gymnasts to achieve their goals on the apparatus.

Gymnastics consists of beginning, intermediate, and optional levels of competition in floor exercises, balance beam, and vaulting. The girls competed in the event in which they excelled, combining grace and poise with effort to score high.

The girls worked hard to have friends come and watch their performance. This helps them keep trying for the next time," according to Coach Jones. She also said, "Support helps keep a team up for that extra effort to pull thru when the task seems just out of reach." Junior Julie Flittner was the team's captain and Senior Donna Seger was the co-captain. Outstanding members of the '79 team were Julie Flittner, Marjorie Labhart, Joanne Davis, Linda Osborne, Joan Zikmund, Jackie Notter, and Kristy Flittner.

Golf and tennis teams Enjoy spring's return

Members of spring sports teams celebrated the end of winter by beginning workouts as soon as the snow melted. Hopeful catchers and pitchers for the baseball team began running to get in shape, tennis players left the confines of the indoor courts, and golfers headed for the nearest greens.

Three returning members of the girls' tennis team who had worked all winter to keep their game in shape were Debbie O'Daniel, Laurie Groeger, and Shannon Broughman. Coach Brenda Craig led the girl netters into action for the first match in early April.

Returning players on the golf team included seniors John Young, Jerry Dewig, Rick Weidenbener, Dave Johnson, and Jeff Deering. Junior golfer Mitch Bunner and a group of experienced sophomores, Tim Hoehn, Pete Biagi, Brian Schmidt, and Bill Fink, rounded out the prospects. Under first year coach, Roger Sills, they opened the season on April 10.

Remembering . . .

The tractor fired up and exhaust filled the air, the harrow was hooked up, the ground broke, and dust flew at the beginning of baseball season.

Footprints . . . Sprints . . . reflexes flex . . . and pitchers wind up while stomping their decks . . . mesmermized strategies downpat . . . and practices till after sunset . . . muscles stretch . . . catchers catch . . . this all went into the power of success!

Coach Quentin Merkel confirmed our beliefs that victory is a way when there is a will. When one man with ideals and a goal can take individual morale and mold it into team morale with a touch of spirit and desire, then he has created the invincible team.

Confidence affected the team's ability to dare, spirit gave it the ability to win. It was one unique team with unique character — steady, stunning, grinding, and high spirited.

Their 30-0 legendary victory renewed our determination, self-confidence, and school pride; putting honesty into the word, **PROUD,** when we say, "We Are Proud." Proud of all our athletes. Our soccer team took us to Semi-state. Our football players won 8 out of 10 games, and our tennis team enhanced our winning spirit by taking us to State with 19 wins and 2 losses throughout the entire season. John Greif gave the word perfection new meaning. Since his freshman year John's participation and contribution to the tennis team without losing a match made him the unbeatable champ.

In the process of giving and taking our 1978 baseball team gave us the ultimate victory; yet, time took Joe O'Kane away from us after 31 years of faithful service. Joe O'Kane was the backbone of every sports event that took place. This man's enthusiasm and devotion has left a mark on more than one generation.

Succeeding Joe O'Kane upon his retirement was Ron Wannemuehler as the new athletic director, a man with experience and a promising future.

Venit,

I don't know where to start. I guess I will plunge right into know where land. How about starting at last year. I'll never forget when I told Donald to ask you to prom. That's when all our trouble (trouble) began. We should have never fallen in love with two guys that are practically identical twins. They're both crazy. And we aren't. Of course we are, two level headed girls who are mentally retarded 3/4 of the time. HAHA! That's not to bad considering. Some people are worse off than that. Venit I don't know how to put into words how I fell about you and all our memories. They are fantastics our memories and my feelings towards you. Your a good person and an even greater friend. A big memory that is reaking around in my head is from night. How Super!

I hope your future is filled with memories as good or even better than that one. You will have a fun filled and adventurous life I know it. Please stay in touch and I will try and do the same. Your FANTASTIC Venita I Love You!

Friendship and love always,

Rock

Planning hot soup for a cold day and surprising students with pizza on Mondays are just two of the ways cafeteria supervisor, Mrs. Janiece Williams tries harder to please nearly a thousand diners every day.

With lunch hour stretching from 10:45 until one o'clock, the workers cooperate to keep lines moving.

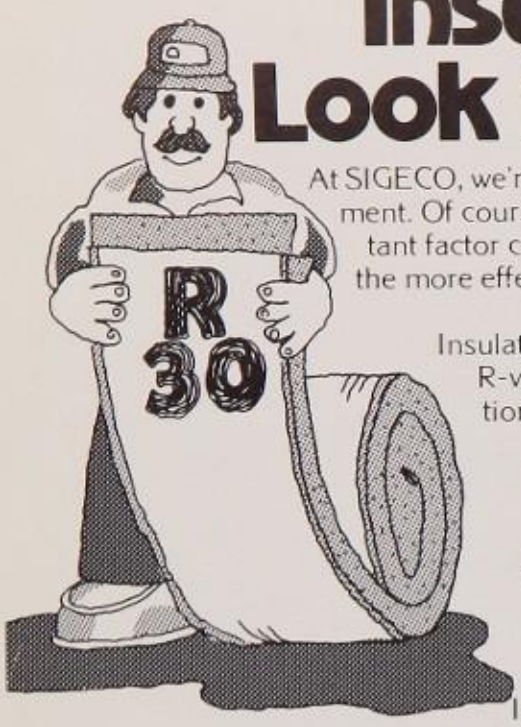
Insulating? Look for the 'R'.



At SIGECO, we're dedicated to wise energy management. Of course, home insulation is a very important factor contributing to wise energy use. And the more effective the insulation, the less energy you will use to be comfortable. Insulation effectiveness is measured by its R-value, which tells how well an insulation resists summer heat gain and winter heat loss. This value is more important than insulation type or thickness. The higher the number, the better the insulation. For this area, SIGECO recommends that insulation be installed with a value of R-30 for ceilings, R-16 for outside walls, and R-19 for floors. Insulation with a higher R-value costs a little more, but it soon pays for itself with decreased energy consumption for heating and cooling. It's a way for you to use energy more efficiently.

SNOW DAYS BRING

Once again the school year was interrupted by a blustery winter. School was cancelled on countless occasions due to snowy and icy roads. Yet, everyone seemed to make the best of it, as snowballs flew and snowmen emerged all over town.

Many students felt the snow days useful to their academic growth. They could finally get caught up with something they'd been having trouble catching up on — sleep. Others found time to see who Harriett was in love with now, or who Bill was secretly married to by catching up on their latest soap operas.

Jumping snowbanks, was a game many Juniors and Seniors played during the winter months. Although it wasn't healthy, it always gave some students a guaranteed "high."

Some students found other ways to fill their snow vacations.

Sleeping late, spending time with friends, and sledding were a few ways students spent those carefree snow days.

"On snow days I like to have snowball fights, go sledding, build snowmen and eat snow," exclaimed Freshman Joanne Davis.

Going sledding, drinking hot chocolate and "catching up" on soap operas make an enjoyable snow day for sophomore Tammy Armstrong.

"I enjoy snow days because it gives me an opportunity to get away from my studies and enjoy myself," said sophomore Jackie Notter. "I like to go sledding at the Evansville Country Club."

"Excessive snow days can get boring when there is too much snow and sub-zero temperatures" Jackie added.

Health and physical education teacher, Mrs. Mickie Jones, gets upset when school is cancelled and she doesn't have an alternate schedule plan, but she admitted that she does enjoy snow days.

"I try to do things I normally don't have time to do," Mrs. Jones said of her snow day activities. "I like to take walks, watch the birds in my bird house and make up easy semester exams" she added jokingly.

However, not everyone spends their snow days relaxing.

Senior Matt Brockman spent his time at wrestling practice, jazz band and practicing his saxophone.

"Snow days break the monotony of school classes," said Matt.

Br. James Bluma, principal, doesn't get the day off. He works in the office.

"Too many snow days are hard on the students and teachers because the continuity of school work is lost." But Br. Bluma added, "Everybody enjoys an occasional day off."

SURPRISE VACATION

The 1978-79 Tigerettes: Choreographers, Terri Donahue, Becky Schmidt, and Liz Rice. Seniors: Kathleen Bohm, Jean Deurling, Janet Patton. Juniors: Martha Beaven, Tracy Breivogel, Christy Burch, Patty Carlisle, Maria Coudret, Kathy Davis, Marianne Faye, Julie Flittner, Diane Horty, Jill Martin, Brenda Schmidt, Sandy Schuler, Tami Schneider, and Lisa Wade. Sophomores: Maureen Keller, Teresa Lambert, Lydia Logel, Ann Marie Miles, and Sara Nussmeir. **Flag Corp:** Janet Kurzendorrfer, Becky Miller, Jackie Notter, Julie Schiff, and Karen Wittgen. **Pep Band:** Matt Brockman, Eugene Forester, Mike Nalin, Steve Ottman, Angie Schaefer, John Bruner, Greg Czerkawski, Ann Forster, Mary Grannan, Cindy Joest, Steve Moeller, Ryan Rizen, Betsy Roach, Kent Schaefer, Mike Schmitt, Ted Ubelhor, Kathy Wilm, Andy Beaven, Tom Deering, Shawn Devoy, Dave Hammond, Marjorie Labhart, Dan Pitt, Shelley Rieber, Steve Steinkuhl, Karen Wuerth, Luke Brockman, David Ottman, Joe Stephens, Jonna Shike.

Top: The Tigerettes formed a Christmas Tree and a Candy Cane in their Christmas Dance. Opposite: Senior Mike Nalin plays the drums in the pep band for home basketball games. Pep Band members concentrate on music for the tigerettes halftime performance. Tigerette Choreographers attended a camp where they learned 10 routines and performed them at the end of the week. Winning first and second place ribbons for the routines the girls received the sweepstakes trophy. The second trophy was for home-comp, where all groups performed a dance from home. The spirit pom was awarded to groups who were attentive in class and participated in the activities and got along with the other girls and counselors. Flag Corp members tried something new this year. They presented the American and Indiana State Flags, pre games during basketball.

Venita,
I can gladly say you've made English class a lot happier for me + everyone, with your quick sense of humor. Hope you make it good as a nurse, I'm sure you will. Have fun
Judy

Venita,
you have got to be one of the nicest persons I know. Pretty soon you'll be married and have 50 dozen kids. But whatever you do, be good and stay as sweet as you are. I'll miss ya.
Johnette

Venita,
I enjoyed our class immensely. Don't forget from this year. I got to know you, had I got to spend a little more time with you. I hope to see you again sometime. Good luck — such a pretty girl should have an easy and happy life. Ed

Venita,
It's been great knowing you these past 12 years. We've made it through all these years without getting crazy. We have had some great times in grade school + now in high school. Are we ever going to be seperated. You are a really nice person & one of the nicest persons I know. Good luck in nursing school next year and stay out of trouble. Oh I guess you can cause some trouble but not ~~too~~ much. Love you and hope you do great ~~times~~ in English class but watch your tongue or it might fall out. Remember the ~~good~~ times we had in English class boy ~~were~~ ~~the~~ was it a blast. Remember your tongue & keep in touch over the summer. Call me some time. You will have to keep in touch ~~over~~ reunions so we can make sure you attend our compare notes. OK!!

friends always,
Brenda

Neater Cakes,

How long has it been? ——
Four long years. But they've been a blast,
especially senior year. Lunch was crazy
what with the beeps and the cheap-
skates; I mean really... Next
year you're gonna have to intro-
duce me to some guys at
U.E. If I'm gonna get
some guys for you at Purdue
you better get them for me.
All's fair in love & war. Just Kidding Don
We have got to get together
this summer since Donald
will be so busy & tired after work.
Its beyond my comprehension & vocabulary
to explain what a crazy, fun, lovable
insane, beautiful person you are. Stay
that way. I'm so glad I got to be your
friend. Don't forget me, 'cause we have
to party at
Purdue.

Love &

your whole life being
known as "Neeter" thanks
to me!! Great, huh?! Well, its
been four great (?) years (the last three
were the-hill!) thanks to the
ever popular Geritol!! You never could have
made it through this year without your daily
afternoon naps in Economics. Of course, I'll have to
admit, it was better than listening to Buente!! But at
least we had fun!! Good luck next year.. Keep taking your
Geritol! (look what it did for Brenda!) Have fun this summer!
Come out and swim sometime!! See ya!

Friends Always.

Vic

Denita,
Your a very nice, sweet, beautifull, well I could go on but I dont have enough Time. I'm glad I can call you my friend, (I can can't I?). Have fun this summer and TAKE CARE OF YOURSEIF.

Dennis.

Venita,
It's been nice sitting behind you in Homeroom for four years.
Enjoy yourself and meet lots of boys!

ta,

I did have a little fun + laughs in the study hall before you'd leave me. I know that you will have a lot of fun with "Marvin" and "O.J." at the typists. I hope you get served. Best of luck in the future!

Verita. It's hard
to write what you really
feel, but I'll try. Verita
you are a great friend
who's really made me happy
when ox certain accessories
were down. Remember all those
times we had some crazy, some
serious and almost all of them,
talks we had. Isn't ever
well you know! Isn't
forget our super fantastic
times we had especially when
lunches Western Sizzlin.
we ate at that
the only thing I regret
didn't know each other
because I really treasure
friendship. We have got to get
together during the summer and get
a little Humor there! We definately
touch and hopefully we'll see
each other at U. of E. and we can
campus. Isn't you and Donald get too
live a good time, Oh what the hell
away but you're one of the best
I get tapes crazy. friends I ever had
friends & we take care of this summer.
forget it. Love ya

P.S. We have
made it
woman!

Hey Woman, Veritaaa
It's been a short 4 years
huh! They've been great
though. At least part of
the time (except when
you got hit - you maniac)
How about Sewing
class and Theology
they got pretty wild
at times they were
fun though. Keep it
up with Donald
and call me when you
get to Home!! (Baseball
game)
